Subject: Amendment for Service Contracts

Hi Mark,

Can we get an amendment drafter as soon as possible? This is what we would like:

- ✓ Page 8 line 3, insert "or replacement" after "repair" ✓
- Page 8, line 3, delete everything after cracks and insert "." In lieu thereof. ✓
- Page 8, line 4, delete all ✓

J same issue

And

- ✓ ~~Page 8, line 24, replace "transmission" with "provision" and delete everything after "service".~~ → see 2-27 email

If you have any questions please let me know. Additionally Sen. Lasee's office have requested the amendment for the Senate Version. Thanks for your help.

My client would prefer the second f, AT&T signed off on both fs. I removed internet service because the drafter said it was redundant with 182.

e) Service contracts for inside wire protection plans associated with the offering of telecommunications service, as defined in s. 182.017(1g)(cq) and video service, as defined in 66.0420 (2) (y).

f) Service contracts with respect to commercial property used in the provision of telecommunications services, as defined in s. 182.017(1g)(cq) and video service, as defined in 66.0420 (2) (y).

Brooke:

In (e) and (f) below, I will replace an "and" with the "or" highlighted below, as I think you want to exempt service contracts that provide either type of service, not service contracts that provide both.

Also, the LRB will do a corrected version of AB 571 and get that to you tomorrow. We need to do the correction because, although the bills contain identical text, there is a printing mistake in AB 571 that puts 2 lines in the wrong spot. The corrected version will make sure that the page and line numbers of both bills are identical.
