

**DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU**

LRB-3684/1dn
RCT:med:rs

February 15, 2012

This is a draft of the proposal concerning the designation of agricultural enterprise areas. My impression is that DATCP is no longer interested in designating agricultural enterprise areas by emergency rule and I have modified the proposed language to reflect that impression. This draft should be reviewed carefully because I am not certain that I have captured DATCP's intent in every respect.

Please contact me with any questions or redraft instructions.
