

## Fiscal Estimate Narratives

DA 7/1/2011

LRB Number	11-2239/1	Introduction Number	AB-0190	Estimate Type	Original
<b>Description</b> Carrying a concealed weapon if prohibited from possessing a firearm, purchasing a firearm for a person who is prohibited from possessing a firearm, and providing a penalty					

### Assumptions Used in Arriving at Fiscal Estimate

Due to a lack of data concerning the number of potential violators of this bill's provisions, prosecutors did not provide a fiscal estimate. Should this bill be implemented, it is reasonable to anticipate an increase in DAs' workload in order to prosecute these cases, particularly if a defendant previously had been convicted of a violent offense and would be subject to a prison sentence.

Without data to determine an approximate number of potential violations, it is difficult to calculate a fiscal estimate.

### Long-Range Fiscal Implications

Though DA offices would probably incur an increased workload, it is difficult to estimate the long-term fiscal impact of this bill without data to approximate the number of potential violations.
