UWS 3/1/2012

LRB Number 11-3987/1	Introduction Number SB-519	Estimate Type Original
<b>Description</b> Renewable energy goals for state energy consumption and for energy use by certain state agencies		

### Assumptions Used in Arriving at Fiscal Estimate

SB 519 requires the Department of Administration (DOA) to establish new renewable energy goals for certain agencies including the University of Wisconsin System. The goal is that by December 31, 2025 at least 30 percent of total annual electric energy generated or purchased by the state is derived from renewable resources.

There is not a cost to the UW System for DOA creating the goal. The actual cost of achieving the goal cannot be determined at this point.
