

Fiscal Estimate Narratives

DOT 5/7/2012

LRB Number	11-4100/1	Introduction Number	SB-574	Estimate Type	Original
Description Contracting for services in state procurement					

Assumptions Used in Arriving at Fiscal Estimate

The fiscal effect of this bill is indeterminate. It is not clear if implementation of this bill would result in additional costs, since it cannot be determined at this time whether the changes affected through this bill would result in increased or decreased costs for the provision of key services, whether through contracting or the use of state employees. It is possible that additional position authority would be necessary.

Long-Range Fiscal Implications

As is the case of the short-term and intermediate fiscal implications, it is unclear whether this bill has a long-range fiscal effect for the Department.
