Subject: Request for AB 216 amendment

Importance: High

Hi,

Rep. Jacque would like an amendment in hand for AB 216 by late Monday afternoon if possible in time for me to send it across the street for introduction.

The idea is to create an exception to the provisions of AB 216 by allowing the purchase/funding of contraceptives *if they are proscribed for a medically necessary purpose other than for birth control/preventing pregnancy.*

Maybe we can use the definition of "Contraceptive article" found in 450.155(1)(a):

"Contraceptive article" means any drug, medicine, mixture, preparation, instrument, article or device of any nature used or intended or represented to be used to prevent a pregnancy.

Let me know if you have any questions – thanks!

Jamie,

How soon do you need this amendment? Also, do you think this will be the last change? If so, I can get you an introducible amendment.

Otherwise, I don't have questions on the substance of the amendment.

I just put an amendment redraft LRBa0530 into the today basket, but they really don't need it until tomorrow morning. I am awaiting return of the stripes. You can pass on to the PAs that they should wait for the stripes even if that means getting it out tomorrow instead of today.
