***Analysis by the Legislative Reference Bureau***

This bill makes various changes in the campaign finance, election, and lobbying regulation laws. Significant provisions include:

**CAMPAIGN FINANCE**

***Disclosure of political activity***

Currently, with certain exceptions, individuals who accept contributions, organizations that make or accept contributions, and individuals who or organizations that incur obligations or make disbursements for the purpose of influencing an election for state or local office are required to register with the appropriate filing officer or agency and to file financial reports with that officer or agency, regardless of whether they act in conjunction with or independently of any candidate who is supported or opposed.

This bill provides that registration and reporting requirements apply to any communication that contains certain explicit terms with reference to a clearly

identified candidate that expressly advocates the election or defeat of that candidate and unambiguously relates to that candidate. The bill also provides that these requirements do not apply to a communication made by an individual other than a candidate, or by an organization that receives donations or other income not directed at political activity, if the communication does not expressly advocate the election or defeat of a clearly identified candidate or the adoption or rejection of a question at a referendum. The change in the scope of reportable activity under the bill also affects contribution limitations and prohibitions by causing the term “contribution” to exclude the cost of any communication that is not reportable under the bill.

### ***Corporate political activity***

Under current law, corporations and cooperatives are prohibited from making contributions or disbursements (expenditures) in campaigns for state or local office. Violators are subject to a forfeiture (civil penalty) of not more than \$500 for each violation. Intentional violators are guilty of a Class I felony, which is punishable by a fine of not more than \$10,000 or imprisonment for not more than three and one-half years, or both, except that if a violation involves \$100 or less, the violation is punishable as a misdemeanor with a fine of not more than \$1,000 or imprisonment for not more than six months, or both. A recent decision of the U.S. Supreme Court casts doubt upon whether this law is enforceable as it applies to disbursements. See *Citizens United v. F.E.C.*, 130 S. Ct. 876 (2010).

This bill deletes the current prohibition on disbursements by corporations and cooperatives. The bill permits a corporation, cooperative, or other entity that is not primarily organized for political purposes to sponsor a separate individual or committee that is not organized exclusively for political purposes but makes independent disbursements. Under the bill, a corporation, cooperative, or other entity that engages in such activity is not subject to periodic reporting requirements on account of such activity, including disclosure of sources of income, unless the corporation, cooperative, or other entity receives contributions or other income for the express purpose of making independent disbursements. However, the corporation, cooperative, or other entity must register with the appropriate filing officer, appoint a treasurer, file periodic reports of administrative expenses on behalf of the sponsored entity and contributions made to the entity, and include an attribution on its political communications. The bill also permits corporations and cooperatives to make contributions to committees that make disbursements independently of any candidate or authorized committee or agent of a candidate. Under the bill, no such committee may make a contribution to a candidate. The bill provides that corporations and cooperatives that make such contributions are not subject to periodic reporting requirements for that activity, including disclosure of sources of income, but any committee that receives such a contribution is subject to registration and periodic reporting requirements, as currently provided for such committees.

### ***Campaign finance registration, record keeping, and reporting thresholds***

With some exceptions, current law requires an individual, candidate, group, or committee that makes or accepts a contribution, incurs an obligation, or makes a disbursement for political purposes and in an amount that exceeds \$25 to register

INS  
3A

with the Government Accountability Board (GAB). This bill increases that threshold from \$25 to \$1,000.

Under current law, a registrant is not subject to the filing requirements related to campaign financing if the registrant does not anticipate accepting contributions, making disbursements, or incurring obligations in an aggregate amount exceeding \$1,000 in a year or does not anticipate accepting any contribution from a single source, other than a candidate's contribution to his or her own campaign, exceeding \$100 in a year or, for purposes of promoting or opposing a referendum, \$750 in a year.

Under this bill, a registrant is not subject to the filing requirements if the registrant does not anticipate accepting contributions, making disbursements, or incurring obligations in an aggregate amount exceeding \$2,000 in a year or does not anticipate accepting any contribution from a single source, other than a candidate's contribution to his or her own campaign, exceeding \$200 in a year or, for purposes of promoting or opposing a referendum, \$1,500 in a year.

### ***Expenditures made to solicit contributions to a segregated fund***

Current law permits any corporation, including a foreign corporation and a limited liability company, cooperative, or association, to establish, administer, and solicit contributions to a separate segregated fund set up by the corporation, cooperative, or association for the purpose of supporting or opposing a candidate for state or local office. Although current law prohibits the corporation, association, or cooperative from making a contribution to the segregated fund, the corporation, cooperative, or association may expend up to \$500 annually for the purpose of soliciting contributions. This bill eliminates the \$500 cap on expenditures made to solicit contributions to the segregated fund.

### ***Contribution limits***

Under current law, the limits for contributions by an individual or committee, other than a political party or legislative campaign committee, to a candidate's campaign are as follows:

1. For candidates for governor, lieutenant governor, secretary of state, state treasurer, attorney general, state superintendent, or justice, \$10,000, except that a committee may contribute up to 4 percent of the disbursement level established under current law.
2. For candidates for state senator, \$1,000.
3. For candidates for state assembly representative, \$500.

Under this bill, the limits for contributions by an individual or committee are as follows:

1. For candidates for governor, lieutenant governor, secretary of state, state treasurer, attorney general, state superintendent, or justice, \$10,000 for the primary and \$10,000 for the election, except that a committee may contribute up to 4 percent of the disbursement level, as modified by the bill (see below under *Disbursement levels*).
2. For candidates for state senator, \$1,000 in the primary and \$1,000 in the election.
3. For candidates for state assembly representative, \$500 in the primary and \$500 in the election.

Under current law, the total amount that an individual may contribute annually to all candidates for state and local offices, and to persons who are required to register for campaign financing purposes, is \$10,000. The bill eliminates this limitation.

Under current law, a political party may not receive more than \$150,000 in value of its contributions in any biennium from committees, other than political party or legislative campaign committees. The bill increases that amount to \$300,000.

Under current law, a political party may not receive more than \$6,000 in value of its contributions annually from any specific committee, excluding a political party or legislative campaign committee. The bill increases that amount to \$12,000.

The bill also increases the total value of contributions that a committee, other than a political party or legislative campaign committee, may make to a political party from \$6,000 each year to \$12,000 each year.

Finally, the bill provides that, beginning on July 1, 2015, and every two years thereafter, the GAB will modify the contribution limits under the campaign finance laws to adjust for the change in the consumer price index for the preceding two-year period ending on December 31.

### ***Disbursement levels***

Under current law, the disbursement levels are as follows:

1. For candidates for governor, \$1,078,200.
2. For candidates for lieutenant governor, \$323,475.
3. For candidates for attorney general, \$539,000.
4. For candidates for secretary of state, state treasurer, state superintendent, or justice, \$215,625.
5. For candidates for state senator, \$34,500 total in the primary and election and \$21,575 for the maximum disbursement for either the primary or the election.
6. For candidates for state assembly representative, \$17,250 total in the primary and election and \$10,775 for the maximum disbursement for either the primary or the election.

Under this bill, the disbursement levels are as follows:

1. For candidates for governor, \$1,078,200 in the primary and \$1,078,200 in the election.
2. For candidates for lieutenant governor, \$323,475 in the primary and \$323,475 in the election.
3. For candidates for attorney general, \$539,000 in the primary and \$539,000 in the election.
4. For candidates for secretary of state, state treasurer, state superintendent, or justice, \$215,625 in the primary and \$215,625 in the election.
5. For candidates for state senator, \$34,500 in the primary and \$34,500 in the election.
6. For candidates for state assembly representative, \$17,250 in the primary and \$17,250 in the election.

The bill also provides that, beginning on July 1, 2015, and every two years thereafter, the GAB will modify these disbursement levels to adjust for the change

in the consumer price index for the preceding two-year period ending on December 31.

### ***Campaign finance reporting***

Currently, individuals and committees supporting or opposing candidates for office, and individuals, groups, and corporations supporting or opposing a referendum, must submit reports of contributions received, contributions or disbursements made, and obligations incurred to the appropriate filing officer twice each year: on or after January 1 but no later than January 31; and on or after July 1 but no later than July 20. This bill changes the reporting requirement to monthly in an election year and quarterly in January, April, July, and October in a nonelection year. All such reports must be submitted seven days before the end of the month.

Under current law, certain registrants are required to file campaign finance reports electronically with the GAB. In addition, the GAB must accept the filing of campaign finance reports in an electronic format from other registrants. The GAB must specify, by rule, a suitable software for electronic filing and provide copies of that software, at cost, to registrants. A registrant, however, must still provide a signed hard copy of a campaign finance report to the GAB even if the report is filed electronically.

Under the bill, a registrant who or that files campaign finance reports electronically is not required to file a signed hard copy with the GAB. In addition, the software that the GAB specifies for electronic filing must allow a registrant to provide a verifiable electronic signature.

### ***Campaign finance record keeping***

With some exceptions, current law requires an individual, candidate, group, or committee that makes or accepts a contribution, incurs an obligation, or makes a disbursement for political purposes and in an amount that exceeds \$25 to register with the GAB. Under current law, each registrant must maintain records of any contribution, disbursement, and incurred obligation that exceeds \$10. This bill increases the \$10 record-keeping threshold to \$25.

### ***Communications with members of certain entities***

Current law permits any corporation, cooperative, unincorporated cooperative association, or voluntary association to make a disbursement for the purpose of communicating only with its members to endorse a candidate, explain its views or interests, or take a position on a referendum without being subject to reporting requirements for this activity. This bill clarifies that any such communication, while remaining exempt from the reporting requirement, may include information on how a member may contribute to an endorsed candidate.

### ***Communications by legislators***

Currently, with certain exceptions, no person who is elected to state or local office and who becomes a candidate for national, state, or local office may use public funds for the cost of materials or distribution of 50 or more pieces of substantially identical material distributed during the period beginning on the first day for circulation of nomination papers as a candidate (or certain other dates for candidates who do not file nomination papers) and ending on the date of the election at which

the person's name appears on the ballot, or on the date of the primary election at which the person's name so appears if the person is not nominated at the primary.

This bill provides that this prohibition does not apply to the cost of materials or distribution of a communication made by a member of the legislature to an address located within the legislative district represented by that member during the 45-day period following declaration of a state of emergency by the governor affecting any county in which the district is located if the communication relates solely to the subject of the emergency.

### LOBBYING

#### ***Reporting of attempts to influence legislative action by state agencies***

Current law requires employees and officers of state agencies who attempt to influence legislative action to biennially file a statement that identifies the name of the agency; the name, title, and salary paid to the employee or officer; the amount of time spent on the activity; and the general area of legislative action the employee or officer has attempted to influence. For purposes of this requirement, the statutes define "agency" to mean "any board, commission, department, office, society, institution of higher education, council, or committee in the state government" and certain authorities created under state law, except that "agency" does not include a council or committee of the legislature. This bill requires the officer or employee to report the number of each introduced bill on which the officer or employee attempts to influence legislative action.

#### ***Campaign contributions by lobbyists***

Currently, a lobbyist may make a campaign contribution to a partisan elective state official or candidate for partisan elective state office in the year of the official's or candidate's election between June 1 and the day of the election. This bill extends the time during which a lobbyist may make such a contribution to between April 15 and the day of the election.

### ETHICS

*the first day authorized by law for the circulation of nomination papers as a candidate*

#### ***Ethics training for lobbyists and legislators***

Currently, the GAB administers programs to explain the laws that regulate lobbying and prescribe codes of ethics for state public and elected officials. These programs are offered to state public officials, elective public officials, and candidates for public office, among others. This bill requires any person seeking a license to practice as a lobbyist to complete four credits of ethics training administered by the GAB within the 24 months preceding the individual's application to practice as a lobbyist. The bill also requires each member of the legislature to complete ethics training administered by the GAB prior to taking the oath of legislative office.

### ELECTION ADMINISTRATION

#### ***Exemption from proof of identification requirement***

Currently, with certain exceptions, an elector who votes in an election must present proof of identification in order to vote. The proof may consist of one of a number of documents specified by law that contains the name of the individual to whom the document was issued, which name conforms to the individual's voter

registration, if the individual is registered to vote, and with limited exceptions, that contains a photograph of the individual. With certain exceptions, an elector who casts an absentee ballot by mail must enclose a copy of his or her proof of identification in the envelope containing his or her ballot. One form of acceptable proof of identification is a Wisconsin driver's license or identification card issued by the Department of Transportation. An individual who applies for a Wisconsin operator's license or identification card may be exempted from the current requirement to be photographed under narrowly defined circumstances.

*This bill* exempts an elector from the requirement to provide proof of identification if the elector appears at the polling place serving his or her residence on election day, casts a provisional ballot, and subsequently files at the office of the municipal clerk or board of election commissioners where the elector resides an affidavit affirming one of the following: 1) that he or she is indigent and cannot obtain proof of identification without payment of a fee; 2) that he or she has a religious objection to being photographed; or 3) that he or she cannot obtain the documentation required to obtain proof of identification.

**Proof of residency for voter registration**

With limited exceptions, current law requires each person who is an eligible elector and who wishes to vote in this state to first register. In certain circumstances, an eligible elector must submit proof of residence with his or her registration form or prior to being permitted to vote. For example, a person who registers in the clerk's office of his or her municipality within 20 days of an election must provide proof of residence in order to obtain registration. Current law provides a list of qualifying identifying documents and specifies the information that must appear on those documents. Identifying documents must contain the registrant's name and current address and qualifying identifying documents include a real estate tax bill, a bank statement, and a current and valid Wisconsin driver license or identification card.

This bill prohibits an elector from providing an identifying document that is displayed electronically to establish proof of residence; the identifying document must be provided in hard-copy form. The bill adds to the list of qualifying identifying documents a bill for cellular or wireless telephone service for the period commencing no earlier than 90 days before election day and a credit card statement for the period commencing no earlier than 90 days before election day.

Under current law, the GAB must compile and maintain an official registration list. The registration list must contain specific information about each registered elector in the state, including the elector's name, address, date of birth, and an indication of how the elector's registration form was received. This bill requires the board to include on the official registration list an indication of whether an elector was required to provide proof of residence and, if so, the type of identifying document submitted by the elector as proof of residence.

**Poll book signature requirement**

Currently, with limited exceptions, an elector voting in person at a polling place must enter his or her signature on the poll list or a similar list before being permitted to vote. After entering his or her signature, the election officials mark the poll list to indicate that the elector has voted and, unless voting machines are used, give the

elector a ballot. Under current law, with certain exceptions, the election laws are to be interpreted to give effect to the will of the electors if that can be ascertained from the proceedings, notwithstanding failure to fully comply with some of their provisions. When the ballots cast at an election are used to recount the votes cast for an office or question, the officials compare the number of ballots cast to the number of voting electors, according to the poll list. After certain other categories of defective ballots are removed from the count, if the number of voting electors still exceeds the number of ballots, the officials conducting the recount draw a number of ballots at random from the remaining ballots until the number of voting electors equals the number of ballots.

This bill provides that, for purposes of a recount, an elector shall not be considered to be a voting elector if he or she is required to sign the poll list and does not do so.

#### ***Challenging an elector's registration during a recount***

Currently, any person may object to the validity of an elector's registration by filing an objection with the municipal clerk or board of election commissioners before election day or with the inspectors at a polling place on election day. If a challenge is made to an elector's registration on election day, the elector's ballot is marked for review of the challenge during any recount that may be held. Currently, during the recount of an election, the board of canvassers conducting the recount compares the number of voted ballots to the number of voting electors as indicated on the poll lists or supplemental lists. If, after certain other defective ballots are set aside, the number of voted ballots still exceeds the number of voting electors, the board draws down, at random, a number of voted ballots equal to the excess number before recounting the voted ballots and these ballots are not counted during the recount.

This bill provides that, in determining the number of voting electors, the board of canvassers must hear and decide any objection to the validity of the registration of an elector who registered on election day. Under the bill, if the board of canvassers determines that the registration of an elector who registered on election day is invalid, the board reduces the number of voting electors by one in performing the drawdown of voted ballots, whenever a drawdown is required.

#### ***Witness addresses on absentee ballot certificates***

Under current law, in order to vote using an absentee ballot, an individual must complete a certificate, which certifies that the individual is a qualified elector. The individual must sign the certificate in the presence of a witness who must also sign the certificate and provide his or her name and address. Under this bill, an absentee ballot may not be counted if the certificate is missing the address of a witness.

#### ***Nominees to the Government Accountability Board***

Under current law, the governor appoints members of the GAB from nominations submitted by the board's candidate committee. Current law requires the candidate committee to submit at least two nominations to fill one vacancy on the GAB, three nominations to fill two vacancies, five nominations to fill three vacancies, six nominations to fill four vacancies, and seven nominations to fill five vacancies. This bill doubles the number of nominations the candidate committee must submit to the governor.

***Securing ballot containers***

Under current law, election inspectors take all ballots counted by them and secure the ballots together so that they cannot be separated or tampered with without breaking a seal. The inspectors then put the secured ballots into a ballot container and secure the container so that it cannot be opened without breaking a seal or lock or without destroying the container. Under this bill, only the chief inspector and one other inspector whose party affiliation is different than the chief inspector's party affiliation may secure the ballot container.

***Party representation at the polls***

Currently, polling places are staffed principally by election inspectors. Unless a municipality decides to increase or decrease the number of inspectors, there are seven inspectors at each polling place. With certain exceptions, the individuals who are appointed as inspectors at a polling place are drawn from nominations submitted by the political parties whose candidates for president or governor received the most votes in the area served by the polling place at the preceding general election, with the party whose candidate received the most votes entitled to fill one more position than the other party.

This bill provides that whenever two or more inspectors are required to perform a function within a polling place and both parties that are entitled to submit nominees have done so, the chief inspector must assign, insofar as practicable, an equal number of inspectors from the nominees of each party.

***Registration***

This bill requires the municipal clerk, clerk's agent, and other individuals authorized to accept receipt of a registration form from an elector to enter on the registration form or poll list, and in some cases both the registration form and poll list, the type of identifying document submitted by the elector as proof of residence when proof of residence is required of the elector.

***Voting by absentee ballot in person***

Under current law, a person may apply to the municipal clerk in person to vote using an absentee ballot. In-person applications to vote using an absentee ballot may be made beginning on the third Monday preceding the election and ending on the later of 5 p.m. or the close of business on the Friday preceding the election.

Under this bill, in-person applications to vote using absentee ballots may be received only Monday to Friday between the hours of 7:30 a.m. and 6 p.m., except that an individual may make an appointment with the actual city, town, or village clerk, as appropriate, so that the clerk, not a member of the clerk's staff or a designated agent, may receive the individual's application made in person after 6 p.m. or anytime on Saturday or Sunday, not including the Saturday and Sunday after the Friday preceding the election.

***Reporting of election returns by municipalities***

Currently, the voters of each ward vote at the same polling place, which is generally separate from other polling places in a municipality. Election returns are reported by ward unless otherwise authorized by law. Currently, no later than 60 days before each September primary and general election, and no later than 30 days

before each other election, the governing body of a municipality may combine two or more wards for voting purposes to permit the use of a common polling place. In municipalities with a population of 35,000 or more, a municipality must continue to report all election returns by ward even where wards are combined for voting purposes at a single location. Other municipalities may report returns for combined wards together unless a separate ballot is required in a partisan election, in which case separate returns must be reported for the offices listed on each separate ballot so that the results of the various elections may be determined.

Under this bill, any municipality having a population of 35,000 or more may provide that election returns for any ward having a population of 20 or less will be combined with returns for any adjacent ward, unless separate returns are required to determine the results of an election. A municipality, however, may not combine wards if the total population of the combined wards would exceed the applicable population range for wards in that municipality. The bill allows the municipal clerk to estimate ward populations for the purpose of combining returns if the population cannot be determined from census results.

#### ***Fees for election recounts***

Currently, any candidate who receives votes in an election and any elector who votes in a referendum may petition for a recount of the votes cast. If the difference between the votes cast for the leading candidate and those cast for the petitioner or the difference between the affirmative and negative votes cast upon any referendum question is at least ten votes if 1,000 or fewer votes are cast or more than 0.5 percent but not more than 2 percent of the total votes if more than 1,000 votes are cast, the petitioner must pay a fee of \$5 per ward or \$5 per municipality if a municipality is not divided into wards. The bill increases that amount to \$25 per ward or \$25 per municipality if a municipality is not divided into wards.

#### ***Special elections***

This bill makes various changes in the laws governing special elections.

1. Currently, when a vacancy in the office of a U.S. senator or representative in congress from this state occurs, the vacancy is filled by special election ordered by the governor unless the vacancy occurs between the second Tuesday in April and the second Tuesday in May in the year of the general election in which case it is filled at the general election. This bill provides, in addition, that whenever a U.S. senator or representative in congress is elected to another office after the beginning of his or her term, and the term of the new office or the period during which the senator or representative is eligible to assume office begins prior to the end of the senator's or representative's original term of office, the governor may call a special election to fill the seat of the senator or representative in anticipation of a vacancy, upon receipt of notice of the written resignation of that senator or representative that is effective on a date not later than the date of the proposed special election.

2. Currently, when a special election must be ordered to fill a vacancy in any of the following, the special election must be held within a designated period following the order: the office of a U.S. senator or representative of this state; certain executive state offices; judicial and legislative state offices; county, city, village, and town offices; the office of municipal judge; and the office of member of the board of

school directors of the Milwaukee Public Schools. Under current law, with two exceptions, the date for the special election may not be not less than 62 nor more than 77 days from the date of the order:

a. If the special election is to be held on the day of the general election or to fill a vacancy in a national office, the order must precede the partisan primary or special primary, respectively, by not more than 122 days and by no fewer than 92 days.

b. If the special election is to be held on the day of the spring election, the order must precede the spring primary by not more than 92 days and by not fewer than 49 days.

This bill eliminates the maximum number of days between which a special election may be ordered and held.

3. Current law imposes restrictions on the timing of a special election ordered to fill a vacancy in a judicial office that occurs after the date of the spring election but on or before December 1:

a. If the vacancy occurs in the office of circuit judge, the vacancy must be filled at the succeeding spring election.

b. If the vacancy occurs in the office of court of appeals judge, the vacancy must be filled at the first succeeding spring election when no other court of appeals judge is to be elected from the same court of appeals district.

c. If the vacancy occurs in the office of supreme court justice, the vacancy must be filled at the first succeeding spring election when no other justice is to be elected.

If a vacancy occurs in any of these judicial offices after December 1 but on or before the succeeding spring election, the vacancy must be filled at the second succeeding spring election that corresponds with the spring elections described above. Finally, if, as a result of the resignation of the incumbent, a vacancy occurs in any of these judicial offices after December 1 but on or before the date of the succeeding spring election, and if the incumbent is not a candidate to succeed himself or herself, the vacancy must be filled at the regularly scheduled election.

This bill changes each December 1 date to August 1.

4. Current law refers to the authority of the attorney general to order a special election. This bill eliminates that reference.

### ***Recounting votes cast with automatic tabulating equipment***

Currently, with a limited exception, a board of canvassers must use automatic tabulating equipment to conduct a recount of ballots that are in machine-readable form. However, a candidate, or an elector if the recount is for a referendum question, may petition the circuit court for an order requiring ballots in machine-readable form to be recounted by hand or by another method approved by the court. To obtain such an order, the candidate or elector must show by clear and convincing evidence that due to an irregularity, defect, or mistake committed during the voting or canvassing process the results of a recount using automatic tabulating equipment will produce incorrect results and there is a substantial probability that recounting the ballots by hand or by another method will produce a more correct result and change the outcome of the election.

This bill permits the board of canvassers conducting a recount to determine to conduct the recount of a specific election by hand unless a court orders the recount to be conducted by another method.

### ***Residency of election officials***

Current law generally requires election officials to be qualified electors of the municipality in which the officials serve. In addition, current law generally requires election officials who serve at a polling place to be qualified electors of the ward for which the polling place is established, whenever a municipality is divided into wards. However, special registration deputies who register electors at a polling place on election day, election officials who are appointed to work at a polling place that serves more than one ward, election officials who are reassigned by a municipal clerk or board of election commissioners to correct staffing deficiencies, or election officials who are appointed to fill a temporary or permanent vacancy need not be electors of any particular ward, but must be qualified electors of the municipality in which they serve. Officials who are appointed to work at a polling place that serves more than one ward must be electors of one of the wards served by the polling place. A high school pupil who is 16 or 17 years of age may serve as an inspector (poll worker) at the polling place serving his or her residence. In addition, if the municipal clerk or the executive director of a board of election commissioners or a deputy to the clerk or executive director serves as a special registration deputy or is appointed to work at a polling place to fill a vacancy in an inspector position, the clerk, executive director, or deputy need not be a resident of the municipality in which he or she serves.

This bill provides, with certain exceptions, that an individual who serves as an election official at a polling place on election day need be an elector only of a county in which the municipality where the official serves is located. An individual who serves as the chief inspector at a polling place must be a qualified elector of the municipality where he or she serves unless no qualified candidate is available or the chief inspector is appointed to fill a temporary vacancy. A high school pupil who serves as an inspector must continue to meet the current residency requirement.

### ***Recall petition requirements***

Under current law, a petition for the recall of a city, village, town, town sanitary district, or school district officer, in addition to other requirements, must indicate a reason for the recall that is related to the officer's official responsibilities. Under this bill, any person who wishes to circulate a petition for the recall of a city, village, town, town sanitary district, or school district officer must include with the person's registration under the campaign finance laws a statement indicating that the officer for whom the recall is sought has been charged with committing a crime or violating a code of ethics law applicable to local officials. The person must also include a copy of the criminal or civil complaint alleging the crime or violation.

## **OTHER CHANGES**

### ***Prohibitions on certain expenditures by school districts***

Current law generally limits the amount of per pupil revenue a school district may receive from general school aids and property taxes to the amount of revenue

allowed per pupil in the previous school year. A school board may adopt a resolution to exceed the revenue limit; a resolution adopted by the school board must be submitted to the electors of the school district at a referendum before the school district may exceed its revenue limit. This bill prohibits a school board from spending any state aid or property tax revenue to publish or disseminate information related to or to promote any referendum called by the school district to exceed its revenue limit.

15 from census results. The clerk shall then divide the land area of the ward by the land  
16 area of that unit. The clerk shall then multiply that result by the population of the  
17 unit to determine the population of the ward for purposes of this paragraph.

11 the propriety of such labels, and shall compare the “Duplicate Overvoted Ballots”  
12 and “Duplicate Damaged Ballots” with their respective originals to determine the

21 instead of at the polling place serving the elector's residence. In such case, the

13 municipal clerk shall supply the inspectors with 2 copies of the most current official  
14 registration list or lists prepared under s. 6.36 (2) (a) for use as poll lists at the polling

18 proof of identification presented by the elector conforms to the name on the poll list  
19 or separate list and shall verify that any photograph appearing on that document  
20 reasonably resembles the elector. The officials shall then require the elector to enter  
21 his or her signature on the poll list, supplemental list, or separate list maintained  
22 under par. (c) unless the elector is exempt from the signature requirement under s.  
23 6.36 (2) (a). The officials shall verify that the name and address stated by the elector  
24 conform to the elector's name and address on the poll list.

25 **SECTION 16.** 6.79 (2) (d) of the statutes is amended to read:

1           6.79 (2) (d) If the poll list indicates that proof of residence under s. 6.34 is  
2 required and the document provided by the elector under par. (a) does not constitute  
3 proof of residence under s. 6.34, the officials shall require the elector to provide proof  
4 of residence. If proof of residence is provided, the officials shall enter the type of  
5 identifying document submitted as proof of residence in the space provided on the  
6 registration form and shall verify that the name and address on the ~~identification~~  
7 ~~identifying~~ document ~~submitted as proof of residence provided~~ is the same as the  
8 name and address shown on the registration list. If proof of residence is required and  
9 not provided, or if the elector does not present proof of identification under par. (a),  
10 whenever required, the officials shall offer the opportunity for the elector to vote  
11 under s. 6.97.

12           **SECTION 17.** 6.82 (1) (a) of the statutes is amended to read:

13           6.82 (1) (a) When any inspectors are informed that an eligible elector is at the  
14 entrance to the polling place who as a result of disability is unable to enter the polling  
15 place, they shall permit the elector to be assisted in marking a ballot by any  
16 individual selected by the elector, except the elector's employer or an agent of that  
17 employer or an officer or agent of a labor organization which represents the elector.  
18 Except as authorized in s. 6.79 (3) (b), (6), and (7), the individual selected by the  
19 elector shall present to the inspectors proof of identification and, if the proof of  
20 identification does not constitute proof of residence under s. 6.34, shall also provide  
21 proof of residence under s. 6.34 for the assisted elector, whenever required, and all  
22 other information necessary for the elector to obtain a ballot under s. 6.79 (2). The  
23 inspectors shall verify that the name on the proof of identification presented by the  
24 person assisting the elector conforms to the elector's name on the poll list or separate  
25 list and, shall verify that any photograph appearing on that document reasonably

1 resembles the elector, and shall enter the type of identifying document submitted by  
2 the assisted elector as proof of residence in the space provided on the poll list or  
3 separate list. The inspectors shall then issue a ballot to the individual selected by  
4 the elector and shall accompany the individual to the polling place entrance where  
5 the assistance is to be given. If the ballot is a paper ballot, the assisting individual  
6 shall fold the ballot after the ballot is marked by the assisting individual. The  
7 assisting individual shall then immediately take the ballot into the polling place and  
8 give the ballot to an inspector. The inspector shall distinctly announce that he or she  
9 has “a ballot offered by ... (stating person’s name), an elector who, as a result of  
10 disability, is unable to enter the polling place without assistance”. The inspector  
11 shall then ask, “Does anyone object to the reception of this ballot?” If no objection  
12 is made, the inspectors shall record the elector’s name under s. 6.79 and deposit the  
13 ballot in the ballot box, and shall make a notation on the poll list: “Ballot received  
14 at poll entrance”.

15 **SECTION 18.** 6.86 (1) (b) of the statutes is amended to read:

16 6.86 (1) (b) Except as provided in this section, if application is made by mail,  
17 the application shall be received no later than 5 p.m. on the 5th day immediately  
18 preceding the election. If Except as provided in par. (bb), if application is made in  
19 person, the application shall be made no earlier than the opening of business on the  
20 3rd Monday preceding the election and no later than 5 p.m. or the close of business,  
21 whichever is later, 6 p.m. on the Friday preceding the election. Except as provided  
22 in par. (c), if the elector is making written application for an absentee ballot at the  
23 partisan primary, the general election, the presidential preference primary, or a  
24 special election for national office, and the application indicates that the elector is  
25 a military elector, as defined in s. 6.34 (1), the application shall be received by the

**SECTION 18**

1 municipal clerk no later than 5 p.m. on election day. If the application indicates that  
2 the reason for requesting an absentee ballot is that the elector is a sequestered juror,  
3 the application shall be received no later than 5 p.m. on election day. If the  
4 application is received after 5 p.m. on the Friday immediately preceding the election,  
5 the municipal clerk or the clerk's agent shall immediately take the ballot to the court  
6 in which the elector is serving as a juror and deposit it with the judge. The judge shall  
7 recess court, as soon as convenient, and give the elector the ballot. The judge shall  
8 then witness the voting procedure as provided in s. 6.87 and shall deliver the ballot  
9 to the clerk or agent of the clerk who shall deliver it to the polling place or, in  
10 municipalities where absentee ballots are canvassed under s. 7.52, to the municipal  
11 clerk as required in s. 6.88. If application is made under sub. (2) or (2m), the  
12 application may be received no later than 5 p.m. on the Friday immediately  
13 preceding the election.

14 **SECTION 19.** 6.86 (1) (bb) of the statutes is created to read:

15 6.86 (1) (bb) An application made in person may only be received Monday to  
16 Friday between the hours of 7:30 a.m. and 6 p.m, except that an individual may make  
17 an appointment with the actual city, town, or village clerk, as appropriate, so that,  
18 notwithstanding s. 7.21 (1), the clerk, not a member of the clerk's staff or a designated  
19 agent, may receive the individual's application made in person after 6 p.m. or  
20 anytime on Saturday or Sunday, not including the Saturday and Sunday after the  
21 Friday preceding the election.

22 **SECTION 20.** 6.87 (6d) of the statutes is created to read:

23 6.87 (6d) If a certificate is missing the address of a witness, the ballot may not  
24 be counted.

25 **SECTION 21.** 6.88 (3) (a) of the statutes is amended to read:

1           6.88 (3) (a) Except in municipalities where absentee ballots are canvassed  
2 under s. 7.52, at any time between the opening and closing of the polls on election day,  
3 the inspectors shall, in the same room where votes are being cast, in such a manner  
4 that members of the public can hear and see the procedures, open the carrier  
5 envelope only, and announce the name of the absent elector or the identification  
6 serial number of the absent elector if the elector has a confidential listing under s.  
7 6.47 (2). When the inspectors find that the certification has been properly executed,  
8 the applicant is a qualified elector of the ward or election district, and the applicant  
9 has not voted in the election, they shall enter an indication followed by the letter "A"  
10 on the poll list next to the applicant's name indicating an absentee ballot is cast by  
11 the elector. They shall then open the envelope containing the ballot in a manner so  
12 as not to deface or destroy the certification thereon. The inspectors shall take out the  
13 ballot without unfolding it or permitting it to be unfolded or examined. Unless the  
14 ballot is cast under s. 6.95, the inspectors shall verify that the ballot has been  
15 endorsed by the issuing clerk. If the poll list indicates that proof of residence under
