1 operation of off-highway motorcycles, granting rule-making authority,
2 providing penalties, and making appropriations.

~~As to operation on OHM routes, the owner must register the OHM with DNR unless the OHM route is on a highway, and the OHM is registered with DOT.~~
Analysis by the Legislative Reference Bureau

Under current law, the Department of Natural Resources (DNR) administers the laws regulating the operation and registration of all-terrain vehicles (ATVs) and utility terrain vehicles (UTVs). This bill establishes requirements for the operation and registration of off-highway motorcycles (OHMs) that are similar to the requirements that apply under current law to ATVs and UTVs. The bill defines an OHM as a motorcycle that is designed for off-highway operation, regardless of whether it is also designed for on-highway operation.

This bill requires DNR to develop, encourage, and supervise a system of OHM trails and routes in a similar manner that exists under current law for ATV and UTV trails and routes. The bill defines an "OHM trail" to be a corridor on lands open to the public for recreational OHM use. The bill defines an "OHM route" to be a highway or sidewalk open to recreational OHM use. The bill allows DNR to establish standards and procedures for certifying the designation of OHM trails. As under current law applicable to ATV trails, this bill allows a county, city, village, or town or DNR to designate corridors through land that it owns or controls for use as OHM trails. Moneys for this system, for enforcement of OHM laws, and for the safety grants as described below, are appropriated from the general fund.

OHM registration and trail passes

This bill distinguishes OHMs that are registered by the Department of Transportation (DOT) from those that are not. The bill does not restrict the owner of an OHM from registering the OHM with DOT for highway use. However, if an owner wishes to operate an OHM off the highway, ~~including on OHM routes,~~ the owner must register the OHM with DNR and pay an annual registration fee. The owner of an OHM may register it with DNR for public use on trails and routes and other areas open for public use. The owner may register an OHM for private use if its use will be limited to operation for agricultural purposes and operation by the owner or a member of his or her family on land that is owned or leased by the owner or a family member. The fee for registration for private use is lower. The bill includes exemptions from this registration requirement which are similar to those exemptions under current law for ATVs and UTVs. The bill also requires a person who sells OHMs for a profit at retail to register with DNR as an OHM dealer. These registration fees are placed in the transportation fund.

stays

If a person will be operating an OHM off the highways that is not registered with DNR, or that is not exempt from DNR registration, the person must pay a fee and be issued an annual nonresident trail pass by DNR in order to operate the OHM. ~~A person issued a trail pass may operate an OHM on an OHM trail or other corridors that are open to the public for the recreational use of OHMs, but not on OHM routes.~~

When riding off the highways

a person riding on an

With limited exceptions operators of OHM must wear a helmet unless he or she is at least 18 years old.

The bill imposes various restrictions on the operation of limited use OHMs that are similar to those imposed on ATVs and UTVs. Basically, limited use OHMS are not allowed on the roadway portion of a highway except as is necessary to cross highways. They are also allowed on highways that are designated as OHM routes or that are closed on a seasonal basis for regular motor vehicle traffic. The bill regulates the operation of OHMs on areas that are adjacent to roadways of highways, and imposes a ten miles per hour speed limit when the OHM is within 150 feet of a dwelling, within 100 feet of a person who is not in or on a motorized vehicle, or within 100 feet of a fishing shanty.

This bill creates an intoxicated operation law that applies to OHM routes, trails, and other off-highway places that are open to the recreational use of OHMs. Under the law, a person may not operate an OHM with an alcohol concentration of 0.08 or more. This bill requires an OHM operator to submit to certain screening tests if a law enforcement officer has probable cause to believe that the operator is operating the OHM under the influence of alcohol. These provisions are similar to the provisions in current law relating to the operation of an ATV or UTV while under the influence of an intoxicant, except that the intoxicated operation law does not apply to the use of controlled substances.

Under this bill, a person need not have an operator's license issued by DOT in order to operate an OHM off the highways and need not carry liability insurance on the OHM.

OHM operation; age restrictions

and related subjects

Under this bill, a person under the age of 12 may not operate an OHM on a highway under any circumstance and may operate an OHM off a highway only if he or she is operating a small OHM and he or she is under continuous verbal direction or control of a parent or guardian or of an adult who has been designated by the parent or guardian. The bill defines a "small OHM" to be one that has an engine certified at not more than 100 cubic centimeters or that has an equivalent power unit. Also, under the bill, anyone who is at least 12 of age and who was born after January 1, 1998, must hold a valid safety certificate issued upon completion of the safety instruction program described below. These age restrictions do not apply to the operation of OHMs on private property if the property owner has given consent and does not hold out the property to the public for OHM use.

This bill requires DNR to establish a safety certification program on OHM laws and to issue certificates to persons who successfully complete the program. These requirements are similar to the requirements that apply under current law concerning programs of instruction on ATV and UTV laws.

No person who rents limited use OHMs to the public (OHM renter) may rent a limited use OHM to a person under 12 years of age. Also, an OHM renter may not rent a limited use OHM without first making sure that any person under the age of 18 who will be on the OHM has a motorcycle helmet that meets federal standards.

OHM safety grant program and landowner incentive program

This bill requires DNR to establish a program to award grants to organizations that promote the operation of OHM vehicles in a manner that is safe and responsible

for operators of ATVs and UTVs

and that does not harm the environment. An organization that receives a grant under this program must use the grant moneys to promote and provide support to the program of instruction on OHM laws.

The bill also requires DNR to establish a program under which landowners receive payments for opening their lands for OHM trails and other corridors for recreational OHM use. Fees collected for the issuance of nonresident trail passes are appropriated for making these payments.

12 engaged in the rental or leasing of limited use off-highway motorcycles to the public
13 may do any of the following:

14 1. Rent or lease a limited use off-highway motorcycle for operation by a person

18 2. Rent or lease a limited use off-highway motorcycle to a person under 12
19 years of age.

20 3. Rent or lease a limited use off-highway motorcycle without first ascertaining

23 (b) A person who is engaged in the rental or leasing of limited use off-highway
24 motorcycles to the public shall have clean, usable protective headgear available for

1 rent in sufficient quantity to provide headgear to all persons under the age of 18 who

4 the instruction given under par. (a) 1.

18 under the circumstances.

24 off-highway motorcycle is prohibited by law.

1 5. Operate the off-highway motorcycle on Indian lands without the consent of
2 the tribal governing body or Indian owner. Failure to post Indian lands does not
3 imply consent for off-highway motorcycle use.

5 if the off-highway motorcycle is within 100 feet of a fishing shanty.

6 7. Operate the off-highway motorcycle at a speed exceeding 10 miles per hour,

14 9. Operate the off-highway vehicle to drive or pursue any animal except as part
15 of normal farming operations involving livestock.

16 10. Operate the off-highway motorcycle in a manner which violates rules
17 promulgated by the department. This subdivision does not authorize the
18 department to promulgate or enforce a rule that imposes a speed restriction that is
19 more stringent than a speed restriction specified under this paragraph.

20 (b) The speed restrictions under par. (a) 6. and 8. do not apply to a race or derby
21 sponsored by a local governmental unit, by an off-highway vehicle association, as
22 defined in sub. (1) (x), or by a similar organization that is approved by a local
23 governmental unit if the sponsor of the race or derby marks the race or derby route
24 or track to warn spectators from entering the route or track.

1 (c) 1. The distance restriction under par. (a) 8. does not apply to persons who
2 are assisting in directing a race or derby sponsored by a local governmental unit, by
3 an off-highway vehicle association or by a similar organization that is approved by
4 a local governmental unit.

5 2. The distance restriction under par. (a) 8. does not apply if the person who is
6 not in the motor vehicle or on the snowmobile or off-highway vehicle gives his or her
7 consent to have the person operating the off-highway motorcycle at a closer distance.

12 of a roadway is authorized only if the crossing is done in the most direct manner
13 practicable, if the crossing is made at a place where no obstruction prevents a quick
14 and safe crossing, and if the operator stops the limited use off-highway motorcycle
15 prior to entering the crossing and yields the right-of-way to any other vehicles,
16 pedestrians, or electric personal assistive mobility devices that are using the
17 roadway.

18 2. Operation is necessary to cross a bridge, culvert, or railroad right-of-way.
19 The crossing of a bridge, culvert, or railroad right-of-way is not authorized if the
20 roadway is officially closed to off-highway motorcycle traffic. The crossing is
21 authorized only if the crossing is done in the most direct manner practicable, if the
22 crossing is made at a place where no obstruction prevents a quick and safe crossing,
23 and if the operator stops the limited use off-highway motorcycle prior to entering the
24 crossing and yields the right-of-way to any other vehicles, pedestrians, or electric
25 personal assistive mobility devices that are using the roadway.

1 3. Operation is on a roadway which is seasonally not maintained for motor
2 vehicle traffic. Such operation is authorized only during the seasons when no
3 maintenance occurs and only if the roadway is not officially closed to off-highway
4 motorcycle traffic.

5 4. Operation is on a roadway that is an off-highway motorcycle route. Such
6 operation is authorized only for the extreme right side of the roadway except that left
7 turns may be made from any part of the roadway which is safe given prevailing
8 conditions.

12 6. Operation is on a roadway, and the limited use off-highway motorcycle is
13 registered for private use under sub. (3) and is being used exclusively as an
14 implement of husbandry or for agricultural purposes. Such operation is authorized
15 only for the extreme right side of the roadway except that left turns may be made
16 from any part of the roadway which is safe given prevailing conditions.

17 7. The roadway part of the highway is blocked off for a special off-highway
18 motorcycle event as authorized under par. (b).

19 (b) *Off-highway motorcycle events.* A local governmental unit may block off
20 highways under its jurisdiction for the purpose of allowing special off-highway
21 motorcycle events. No state trunk highway or connecting highway, or part thereof,
22 may be blocked off by any local governmental unit for any off-highway motorcycle
23 race or derby. A local governmental unit shall notify the local police department and
24 the county sheriff's office at least one week in advance of the time and place of any

1 off-highway motorcycle race or derby which may result in any street, or part thereof,
2 of the local governmental unit being blocked off.

3 (c) *Freeways.* No person may operate a limited use off-highway motorcycle on
4 any part of any freeway which is a part of the federal system of interstate and defense
5 highways under any circumstances. No person may operate a limited use

7 transportation authorizes the use of limited use off-highway motorcycles on that
8 freeway.

9 (11) OPERATION ADJACENT TO ROADWAY. (a) *Location of operation.* 1. A person
10 may operate an off-highway motorcycle adjacent to a roadway of a town highway
11 that is designated as an off-highway motorcycle route or an off-highway motorcycle
12 trail without any restriction on how close the limited use off-highway motorcycle is
13 to the roadway.

14 2. A person may operate an off-highway motorcycle adjacent to a roadway of
15 a U.S. numbered highway, a state highway, or a county highway that is designated
16 an off-highway motorcycle route or an off-highway motorcycle trail provided that
17 the operation occurs at a distance of 10 or more feet from the roadway. Travel on the
18 median of a divided highway is prohibited except to cross.

19 (b) *Direction of operation.* 1. Except as provided in subd. 2., a person may
20 operate an off-highway motorcycle on an off-highway motorcycle route or
21 off-highway motorcycle trail adjacent to a road only in the same direction as motor
22 vehicle traffic in the nearest lane.

23 2. A person may operate the off-highway motorcycle in either direction if any
24 of the following applies:

25 a. The off-highway motorcycle is being operated during hours of daylight.

1 b. The off-highway motorcycle is being operated during hours of darkness and
2 the off-highway motorcycle route or off-highway motorcycle trail is located at least
3 40 feet from the roadway or is separated from the roadway by a head lamp barrier.

4 (c) *Other limitation.* A person operating an off-highway motorcycle on an
5 off-highway motorcycle route adjacent to a roadway shall comply with the speed
6 limits of the adjacent roadway and with rules promulgated by the department and
7 approved by the department of transportation.

8 (12) INTOXICATED OPERATION. (a) *Operation.* 1. No person may operate an
9 off-highway motorcycle while under the influence of an intoxicant to a degree which
10 renders him or her incapable of safe operation of the off-highway motorcycle.

11 2. No person may engage in the operation of an off-highway motorcycle while
12 the person has an alcohol concentration of 0.08 or more.

13 3. If a person has not attained the age of 21, the person may not engage in the
14 operation of an off-highway motorcycle while he or she has an alcohol concentration
15 of more than 0.0 but not more than 0.08.

16 4. A person may be charged with and a prosecutor may proceed upon a
17 complaint based upon a violation of any combination of subd. 1. or 2. for acts arising
18 out of the same incident or occurrence. If the person is charged with violating any
19 combination of subd. 1. or 2., the offenses shall be joined. If the person is found guilty
20 of any combination of subd. 1. or 2. for acts arising out of the same incident or
21 occurrence, there shall be a single conviction for purposes of sentencing and for
22 purposes of counting convictions under sub. (21) (c) 2. and 3. Subdivisions 1. and 2.
23 each require proof of a fact for conviction which the others do not require.

24 (b) *Operation causing injury.* 1. No person while under the influence of an
25 intoxicant to a degree which renders him or her incapable of safe operation of an

1 off-highway motorcycle may cause injury to another person by the operation of an
2 off-highway motorcycle.

3 2. No person who has an alcohol concentration of 0.08 or more may cause injury
4 to another person by the operation of an off-highway motorcycle.

5 3. A person may be charged with and a prosecutor may proceed upon a
6 complaint based upon a violation of any combination of subd. 1. or 2. for acts arising
7 out of the same incident or occurrence. If the person is charged with violating any
8 combination of subd. 1. or 2. in the complaint, the crimes shall be joined under s.
9 971.12. If the person is found guilty of any combination of subd. 1. or 2. for acts
10 arising out of the same incident or occurrence, there shall be a single conviction for
11 purposes of sentencing and for purposes of counting convictions under sub. (21) (c)
12 2. and 3. Subdivisions 1. and 2. each require proof of a fact for conviction which the
13 others do not require.

14 4. In an action under this paragraph, the defendant has a defense if he or she
15 proves by a preponderance of the evidence that the injury would have occurred even
16 if he or she had been exercising due care and even if he or she did not have an alcohol
17 concentration of 0.08 or more.

18 (c) *Implied consent.* Any person who engages in the operation of an
19 off-highway motorcycle upon the public highways of this state, or in those areas
20 enumerated in par. (d), is considered to have given consent to provide one or more
21 samples of his or her breath, blood, or urine for the purpose of authorized analysis
22 as required under pars. (f) and (g). Any person who engages in the operation of an
23 off-highway motorcycle within this state is considered to have given consent to
24 submit to one or more chemical tests of his or her breath, blood, or urine for the
25 purpose of authorized analysis as required under pars. (f) and (g).

1 (d) *Applicability of law.* The intoxicated operation of an off-highway

9 3. The operation of a limited use off-highway motorcycle on a highway as
10 authorized under sub. (10).

11 4. The operation of an off-highway motorcycle adjacent to a highway as
12 authorized under sub. (11).

13 (e) *Preliminary breath screening.* 1. A person shall provide a sample of his or
14 her breath for a preliminary breath screening test if a law enforcement officer has
15 probable cause to believe that the person is violating or has violated the intoxicated
16 operation of an off-highway motorcycle law and if, prior to an arrest, the law
17 enforcement officer requested the person to provide this sample.

18 2. A law enforcement officer may use the results of a preliminary breath
19 screening test for the purpose of deciding whether or not to arrest a person for a
20 violation of the intoxicated operation of an off-highway motorcycle law or for the
21 purpose of deciding whether or not to request a chemical test under par. (f).
22 Following the preliminary breath screening test, chemical tests may be required of
23 the person under par. (f).

24 3. The result of a preliminary breath screening test is not admissible in any
25 action or proceeding except to show probable cause for an arrest, if the arrest is

1 challenged, or to show that a chemical test was properly required of a person under
2 par. (f).

3 4. There is no penalty for a violation of subd. 1. Subsection (21) (a) and the
4 general penalty provision under s. 939.61 do not apply to the violation.

6 of his or her breath, blood, or urine for the purpose of authorized analysis if he or she
7 is arrested for a violation of the intoxicated operation of an off-highway motorcycle
8 law and if he or she is requested to provide the sample by a law enforcement officer.
9 A person shall submit to one or more chemical tests of his or her breath, blood, or
10 urine for the purpose of authorized analysis if he or she is arrested for a violation of
11 the intoxicated operation of an off-highway motorcycle law and if he or she is
12 requested to submit to the test by a law enforcement officer.

13 2. A law enforcement officer requesting a person to provide a sample or to
14 submit to a chemical test under subd. 1. shall inform the person of all of the following
15 at the time of the request and prior to obtaining the sample or administering the test:

16 a. That he or she is deemed to have consented to tests under par. (c).

17 b. That a refusal to provide a sample or to submit to a chemical test constitutes
18 a violation under par. (h) and is subject to the same penalties and procedures as a
19 violation of par. (a) 1.

20 c. That in addition to the designated chemical test under par. (g) 2., he or she
21 may have an additional chemical test under par. (g) 4.

22 3. A person who is unconscious or otherwise not capable of withdrawing
23 consent is presumed not to have withdrawn consent under this paragraph, and if a
24 law enforcement officer has probable cause to believe that the person violated the
25 intoxicated operation of an off-highway motorcycle law, one or more chemical tests

1 may be administered to the person without a request under subd. 1. and without
2 providing information under subd. 2.

3 (g) *Chemical tests; procedures.* 1. Upon the request of a law enforcement officer,
4 a test facility shall administer a chemical test of breath, blood, or urine for the
5 purpose of authorized analysis. A test facility shall be prepared to administer 2 out
6 of 3 of these tests for the purpose of authorized analysis. The department may enter
7 into agreements for the cooperative use of test facilities.

8 2. A test facility shall designate one chemical test of breath, blood, or urine
9 which it is prepared to administer first as the primary test for the purpose of
10 authorized analysis.

11 3. A test facility shall designate another chemical test of breath, blood, or urine,
12 other than the test designated under subd. 2., which it is prepared to administer as
13 an additional chemical test for the purpose of authorized analysis.

14 4. If a person is arrested for a violation of the intoxicated operation of an
15 off-highway motorcycle law or is the operator of an off-highway motorcycle involved
16 in an accident resulting in great bodily harm to or the death of someone and if the
17 person is requested to provide a sample or to submit to a test under par. (f) 1., the
18 person may request the test facility to administer the additional chemical test
19 specified under subd. 3.. or, at his or her own expense, reasonable opportunity to have
20 any qualified person administer a chemical test of his or her breath, blood or urine
21 for the purpose of authorized analysis.

22 5. If a person is arrested for a violation of the intoxicated operation of an
23 off-highway motorcycle law and if the person is not requested to provide a sample
24 or to submit to a test under par. (f) 1., the person may request the test facility to
25 administer a chemical test of his or her breath or may request, at his or her own

1 expense, a reasonable opportunity to have any qualified person administer a
2 chemical test of his or her breath, blood, or urine for the purpose of authorized
3 analysis. If a test facility is unable to perform a chemical test of breath, the person
4 may request the test facility to administer the chemical test designated under par.
5 (f) 2. or the additional chemical test designated under par. (f) 3.

6 6. A test facility shall comply with a request under this paragraph to
7 administer any chemical test it is able to perform.

8 7. The failure or inability of a person to obtain a chemical test at his or her own
9 expense does not preclude the admission of evidence of the results of a chemical test
10 required and administered under par. (f) or (g).

11 8. A chemical test of blood or urine conducted for the purpose of authorized
12 analysis is valid as provided under s. 343.305 (6). The duties and responsibilities of
13 the laboratory of hygiene, department of health services, and department of
14 transportation under s. 343.305 (6) apply to a chemical test of blood or urine
15 conducted for the purpose of authorized analysis under pars. (f) and (g). Blood may
16 be withdrawn from a person arrested for a violation of the intoxicated operation of
17 an off-highway motorcycle law only by a physician, registered nurse, medical
18 technologist, physician assistant, or person acting under the direction of a physician,
19 and the person who withdraws the blood, the employer of that person, and any
20 hospital where blood is withdrawn have immunity from civil or criminal liability as

25 law enforcement officer or the person who requested a chemical test, and the

1 identification of the person who provided the sample or submitted to the chemical
2 test. The test facility shall transmit a copy of the report to the law enforcement officer
3 and the person who provided the sample or submitted to the chemical test.

4 (h) *Chemical tests; refusal.* No person may refuse a lawful request to provide
5 one or more samples of his or her breath, blood, or urine or to submit to one or more
6 chemical tests under par. (f). A person shall not be considered to have refused to
7 provide a sample or to submit to a chemical test if it is shown by a preponderance of
8 the evidence that the refusal was due to a physical inability to provide the sample
9 or to submit to the test due to a physical disability or disease unrelated to the use of
10 an intoxicant. Issues in any action concerning violation of par. (f) or this paragraph
11 are limited to the following:

12 1. Whether the law enforcement officer had probable cause to believe the
13 person was violating or had violated the intoxicated operation of an off-highway
14 motorcycle law.

15 2. Whether the person was lawfully placed under arrest for violating the
16 intoxicated operation of an off-highway motorcycle law.

17 3. Whether the law enforcement officer requested the person to provide a
18 sample or to submit to a chemical test and provided the information required under
19 par. (f) 2. or whether the request and information was unnecessary under par. (f) 3.

20 4. Whether the person refused to provide a sample or to submit to a chemical
21 test.

22 (i) *Chemical tests; effect of test results.* The results of a chemical test required
23 or administered under par. (f) or (g) are admissible in any civil or criminal action or
24 proceeding arising out of the acts committed by a person alleged to have violated the
25 intoxicated operation of an off-highway motorcycle law on the issue of whether the

1 person was under the influence of an intoxicant or the issue of whether the person

This redraft contains changes based on some of the comments I received for purposes of redrafting, including the following:

1. The use of helmets. See s. 23.335 (8). ✓

X 2. Changing "highway" to "roadway" in s. 23.335 (13) (a). ✓

3. Changes in s. 23.335 (6) to make it clear that this trail pass is different from the ATV and UTV trail pass. ✓

X 4. Changes in the definition of "owner" in s. 23.335 (1) (zd). Title in an OHM is different than the certificate of registration or certificate of title issued for the OHM. I, however, added language to track s. 23.33 (1) (j) to cover the scenario where title may be held by a bank or other third party creditor. ✓

Please review the entire draft carefully and let me know if you have any questions or changes.

Subject: OHM Draft
Three issues about the draft OHM bill.

1. On page 22, line 12, change "not maintained" to "minimally maintained". On line 13, change "no maintenance" to "no or minimal maintenance".

This has to do with a "gotcha" that may arise in the event we end up funding these segments as trails during the closed period. Technically if any maintenance at all is done at that segment (single pass of a grader), it closes the door to potential funding.

2. The second issue has to do with a council to help guide issues and manage spending. When we started out, we intended to be part of the Off-Road Vehicle Council which has managed motorized trail funds in the past. Recently the ATV people revamped that council to make it a Governor's appointment and to change the focus to ATVs and UTVs. They have seven people authorized on the council.

At the time this was being worked out, OHM could not be included as we had no program in the statutes yet. At one time we discussed adding some members to the ORV Council and writing in the motorcycle interest as we brought our statute forward. Looking at this now, that doesn't seem like a good idea even though there may be some overlap on some trail issues from time to time. One problem would be that if we added three members to that council, we would always be a minority with regard to spending our own money. Since the ATV people have the bulk of the funds there, it is best to leave their structure intact and authorize our own council for OHM.

Note that the 4WD bill calls for the formation of a council for "off-highway vehicles". "Off-highway vehicle" definition does not include an off-highway motorcycle or an ATV.

In looking at s. 15.347, there are various councils described.

Elements that we would like to see for an OHM council:

- Created in the DNR.
- Five members, three year terms, expiring March 1.
- Members are residents of Wisconsin.
- Shall be a member and represent the interests of an off-highway motorcycle group.
- Shall be knowledgeable about outdoor recreation issues in Wisconsin and about trails used by operators of off-highway motorcycles.

- The Council must meet at least three times annually.
- Council to make recommendations to the DNR on all matters relating to OHM statute.
- DNR to prepare written minutes of meetings.

3. The third issue has to do with our ability to prioritize funding toward certain trail projects instead of disseminating trail funds out in equal shares within the provisions of the amounts or percentages to be spent on education, law enforcement, landowner incentives, etc that will we establish later on.

The issue here is to allow us to give priority to single track motorcycle trails which will have fewer total miles than some of the other trails (ATV) that we may be given access to and contribute to for trail maintenance.

Without being able to prioritize funding for projects, the funds could be distributed pro-rated for miles of trail. With the large number of ATV trails in the state that are open to OHM we could use up the bulk of our funds on those miles.

We need to have "wobble room" to establish priorities for projects so that we can direct the bulk of our funds to developing and sustaining single track motorcycle trails before we contribute to ATV trails.

Single track OHM related projects first, then pro-rate the remainder to other trails we may have access to.

As I understand it, there has to be some authorization (or wobble room) in the statute to achieve this.

The boating council [30.92(3)] talks about a project priority list that includes:

- feasible
- supported by the affected governmental unit
- approved by the [OHM] council
- projects prioritized and list maintained with the DNR

Factors:

- Distance from other facilities
- Demand for place to exercise OHM recreational interest in the area
- Expression of support by governmental unit
- Existing OHM projects
- OHM projects underway
- Commitment of funds

I am on the road on Tuesday but I would like to go over these with you this week.

Regards,

Bryan Much
