Hi Robin,

You drafted the attached bill for Rep. Nick Milroy related to establishing a Sporting Heritage grant. Rep. Milroy would like a Substitute Amendment to simply repeal current statutory language.

If you have any questions/concerns, please contact me at 6-0640.

Many thanks,

Analysis by the Legislative Reference Bureau

Current law requires the Department of Natural Resources (DNR) to provide one grant during each fiscal biennium to a nonprofit organization to provide education to persons who engage in hunting, fishing, and trapping and to establish and operate programs to recruit persons to engage in those activities. Current law requires DNR to provide a grant in the amount of \$500,000 in the 2013-15 fiscal biennium and a grant of \$450,000 in each fiscal biennium thereafter. Beginning with grants awarded during fiscal biennium 2015-17, the grant recipient must contribute \$150,000 in funds to be used with the grant awarded by DNR.

In order to be eligible for a grant under current law, a nonprofit organization is required to meet certain requirements. Among those requirements are that it has a relationship with a nationally recognized organization that provides firearm safety education, that it teaches courses on firearm safety and training, that it has a relationship with a nationally recognized shooting expert, and that it is not an affiliate of a national federation or organization. Current law provides that the recipient of the grant must use it to provide programs and education designed to preserve and protect this state's hunting, fishing, trapping, and shooting traditions.

Under current law, grant applications submitted to DNR must be reviewed by a committee and that committee must submit recommendations to the secretary of DNR as to which applicant should receive a grant in fiscal year 2013-15.

BILL

This bill eliminates the grant program created in Act 20 and the committee established to review grant applications. The bill also reduces the amount that was appropriated to DNR to fund the grant program and instead appropriates an amount equal to that grant funding amount to be used for the purpose of improving public access to land that is under DNR's management and control.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
