Subject: LRB 13s0292 Topic: BadgerCare Plus reimbursements, well-woman program, maternal home visits - Convert into stand alone bill

Tami,

Can you please convert the sub into a stand-alone bill, removing the property tax reduction? Rep. Hulsey says that the funding should come from BadgerCare savings of \$81 million, should pay for all three programs. Feel free to contact me w/questions.

Thanks,

Matt

INSERT ANALYSIS

Analysis by the Legislative Reference Bureau

Under current law, the Department of Health Services (DHS) administers the Wisconsin Well-Woman Program, under which service providers are reimbursed for providing preventive health care services to low-income, underinsured, and uninsured women. This bill provides \$50,000,000 in additional general purpose revenue for the program over the 2013-2015 fiscal biennium.

Under current law, the health department of the city of Racine is required to implement a program to reduce fetal and infant mortality and morbidity. This bill provides an additional \$10,000,000 in general purpose revenue for the program over the 2013-2015 fiscal biennium.

* The bill creates the BadgerCare Plus restoration fund. The bill requires DHS to create a program to provide outreach services to individual who lost eligibility for the Medical Assistance program known as BadgerCare Plus and to provide payment for claims that would have been paid by the BadgerCare Plus program had the individual not lost eligibility for the program. To be eligible for reimbursement from the BadgerCare Plus restoration fund, an individual must make a claim within one year of losing eligibility for BadgerCare Plus. The bill transfers \$36,000,000 from the general fund to the BadgerCare Plus restoration fund during the 2013-2014 fiscal year.

For further information see the ***state and local*** fiscal estimate, which will be printed as an appendix to this bill.
