Subject: AJR 96

Hey Mr. Miller,

I apologize for the last minute nature of this but if you'll recall you had drafted up AJR 96 for myself and Rep Marklein about a month back. I was unfortunately informed just this morning that in the resolution it says Dodgeville went 25-0, apparently, as I found this morning, I had the number incorrect. It is actually 26-0.

We have the resolution on the calendar for tomorrow so this is extremely last minute and I've never had to correct one of these. I'm wondering what my options are outside of doing an amendment on the floor. Is it possible to do a technical correction in such a short period of time?

Any help you could give would be much appreciated!

Thank you sir,
