Subject: Jorgensen drafting request

Hi Rick.

My boss would like to introduce an Assembly Resolution to require the speaker of the assembly to immediately appoint a special committee on clean energy, consisting of an equal number of majority and minority party members. The committee should be tasked with preparing a report before February 1, 2014 detailing legislative options that would facilitate the development of clean energy solutions, create jobs while reducing pollution, move Wisconsin away from fossil fuel based energy production, and prevent foreign nations from dominating the clean energy field.

The offices of Reps. Barca and Pasch and Chris McKinny should have access to this draft if they contact you.
