Subject: RE: Amendment Request

If you could kindly do this, that would be helpful.

Have a great weekend.

Subject: RE: Amendment Request

Hi Jen,

I'll draft the amendment if you want, but I think it's unnecessary. I drafted the provision so that DOT can make the contractor give the notice.

"Prior to the commencement of any work at a borrow site or material disposal site, the department shall give notice to each political subdivision in which the borrow site or material disposal site is located that the borrow site or material disposal site has been established. In lieu of giving notice directly, the department may require the transportation project contractor for the transportation project to give the notice required under this subsection."

Please let me know if you still want the amendment. Aaron

Subject: Amendment Request

Hi Marc,

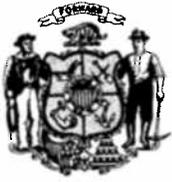

We have one amendment (simple) request for SB 632 and AB 816. The amendment would need to be drafted and ready by Tuesday morning (March 4th) in advance of an executive session.

The DOT notified our office that they would prefer not to be the one to have to notify the municipality where the borrow site is located that the borrow site has been established (page 9, Section 13). They said it's usually the contractor who does this anyway, so if we could please have an amendment to ensure that the transportation project coordinator shall give notice and just leave the department out of it, it would be much appreciated.

Many thanks to you for all your help.

Best for a great weekend. Please call me if you have any questions.
