

**DRAFTER'S NOTE**  
**FROM THE**  
**LEGISLATIVE REFERENCE BUREAU**

LRBa2025/1dn  
RCT:jld:jm

March 6, 2014

Joel Nilsestuen:

The instructions for this amendment were to remove sections 17 and 18 of the bill. This amendment removes all of the sections relating to the registration of nonmetallic mineral deposits. If you would prefer, section 14 could be left in the bill because it could stand alone. The other sections are interdependent.

Please let me know if you have any questions or redraft instructions.
