Agency Number: 445

Intent:

From DWD Agency Budget Request:

Request submitted to align statutory language thus resolving contradictions including the revenue type of the appropriation changes to the statutory language of s. 20.445 (2) (ha), Wis. Stat., s. 102.75, Wis. Stat., s. 20.445 (1) (ra), Wis. Stat. and s.102.75 (1m) Wis. Stat. as drafted below.

Appropriation s. 20.445 (2) (ha), Wis. Stat. is currently classified as Program Revenue Annual appropriation within fund 100. However, after the passage of 2005 Wisconsin Act 172 the fund source for s. 20.445 (2) (ha), Wis. Stat. was changed to a segregated fund, which is now fund 227. Also, there appears to be some other statutory language related to s. 20.445 (2) (ha), Wis. Stat. that should be resolved.

In summary:

1. The type of revenue utilized should be by the appropriations utilizing those funds, s. 20.445 (2) (ha), Wis. Stat., uses segregated revenue yet is stated as a program revenue appropriation.
2. Appropriation s. 20.445 (2) (ha), Wis. Stat., cites s. 102.75 Wis. Stat. as its revenue source but in practice and out of practicality (to earn interest on funds not being currently utilized) the revenue flow through s. 20.445 (1) (ra), Wis. Stat. to appropriation s. 20.445 (2) (ha), Wis. Stat. (numeric 229), but the current language within numeric 229 does not reflect that fact.
3. S. 102.75 Wis. Stat. has language that excludes s. 20.445 (2) (ha), Wis. Stat., (numeric 229) and limits the funding it provides to ss. 20.445 (1) (ra), (rb) and (rp), Wis. Stat. which contradicts the fact it is stated as funding s. 20.445 (2) (ha), Wis. Stat., (numeric 229) within numeric 229's statutory language.
4. Appropriation s. 20.445 (1) (ra), Wis. Stat. (numeric 169) fails to note it is funding not just the amounts in the schedule of appropriations 169 and 177, but also appropriation 229.229

EMPLOYMENT

Current law requires each worker's compensation insurer and self-insured employer to pay to DWD an annual assessment that is used to cover the costs and expenses incurred by the Council on Worker's Compensation, DWD, and the Labor and Industry Review Commission (LIRC) in the administration of the worker's compensation law (annual assessment). Under current law, annual assessments are deposited in the worker's compensation operations fund and are credited to a segregated revenue appropriation of DWD for the administration of the worker's compensation program. Current law provides, however, that annual assessments received for LIRC's worker's compensation activities are deposited in the general fund and credited to a program revenue appropriation of DWD for those activities. This bill changes the funding source for the appropriation for LIRC's worker's compensation activities from the general fund to the worker's compensation operations fund.

LRB-0350: Their list says /1 and she notes that below. But it is a /2. So if you want the /1, you have to redraft it to be a /3 (the compile grabs the latest version and we cannot override that).

Cathlene,

Here's the list. One item to note:

The LIRC workers comp appropriation (BB0157) is correct as is – the older version is the one that should be used, not the newer version.

Not sure if you have to redraft the previous version and make it the most recent...

DOA:.....Stritchko, BB0157 - Change LIRC worker's compensation appropriation to SEG

FOR 2013-2015 BUDGET — NOT READY FOR INTRODUCTION

1 **AN ACT ...; relating to:** the budget.

Analysis by the Legislative Reference Bureau

EMPLOYMENT

Current law requires each worker's compensation insurer and self-insured employer to pay to DWD an annual assessment that is used to cover the costs and expenses incurred by the Council on Worker's Compensation, DWD, and the Labor and Industry Review Commission (LIRC) in the administration of the worker's compensation law (annual assessment). Under current law, annual assessments are deposited in the worker's compensation operations fund and are credited to a segregated revenue appropriation of DWD for the administration of the worker's compensation program. Current law provides, however, that annual assessments received for LIRC's worker's compensation activities are deposited in the general fund and credited to a program revenue appropriation of DWD for those activities. This bill changes the funding source for the appropriation for LIRC's worker's compensation activities from the general fund to the worker's compensation operations fund.
