Subject: FW: Message from "CHAMBERS"

Attached is a requested change to the Highway LS Manitowoc county language inserted in the budget.

Thank you,

Jenny

JL

Technical correction request to item #19 in Motion #431 (transportation omnibus) relating to: assistance for relocation of Sheboygan and Manitowoc County Highway.

We are hoping to get the language of the motion approved by JFC amended to read as follows:

Assistance for Relocation of Sheboygan and Manitowoc County Highway. *Provide \$3,600,000 SEG in 2013-14 in the appropriation for the discretionary grants component of the local roads improvement program. Require the Department to make a grant from that appropriation to Manitowoc County, Sheboygan County, the Town of Centerville in Manitowoc County, the Town of Mosel, or the Town of Sheboygan in Sheboygan County, for up to 50% of the costs associated with the relocation of CTH LS to the existing Dairyland Drive and the construction of access roads to properties along existing CTH LS. Specify that the Department shall make a grant in the 2013-15 biennium to the local governments provided that the affected county and town governments reach a jurisdictional transfer agreement that specifies the following to the satisfaction to the Department: (a) the obliteration of 1.3 miles of the existing CTH LS; (b) the construction of two new town road cul-de-sacs, a town through road, or other mechanism to provide access to those properties who would lose access to CTH LS; (c) the relocation of CTH LS to Dairyland Drive within termini satisfactory to all parties; (d) repairs to the existing CTH LS within the relocated portion of the route to put it in a condition that is agreeable, and manageable by the municipalities that would assume jurisdiction of the road; (e) improvements to the new CTH LS route necessary to put it in a condition meeting county trunk highway standards; (f) jurisdictional responsibilities for the relocated, newly-constructed, and existing roads; and (g) any other conditions that the Department determines are appropriate. Specify that the grant may not exceed \$4,200,000 or 50% of project costs, whichever is less, and may be made from the discretionary component of the local roads improvement program, notwithstanding current law restrictions on the expenditure of those funds. Specify that the grant shall be made from \$3,600,000 provided under this item (unallocated to the discretionary grant statutory distribution) and up to \$600,000 from amounts allocated to county discretionary grants.*
