Good Afternoon Cathlene,

I just wanted to send you over some drafting instructions I received from the LFB on a transportation-related budget amendment that Senator Lassa would like to introduce.

I have already checked with the city administrator and the suggestion that Jon gave works perfectly.

If you could please pass this to the person who handles this sort of drafting that would be great.

Thanks so much and have a great day,

Ben,

Here's what I would suggest:

Prohibit the Department of Transportation from requiring the City of Wautoma from paying for any design engineering costs associated with design work for a proposed highway construction project involving STH 22 running through the City, and for which design engineering was initiated in 2010-11.

You may want to run this past the city administrator just to make sure it accomplishes what the city wants. It looks like the engineering contract for that project was entered into in 2010-11, based on DOT's contract database, although it is

also possible that some of the work was done by DOT staff. If this works for Wautoma, I think you could provide this text to LRB to be drafted as an amendment.

SENATE AMENDMENT,
TO ASSEMBLY BILL 40

RMR

In 6/19/13

1 At the locations indicated, amend the bill, as shown by assembly substitute
2 amendment 1, as follows:

3 1. Page 875, line 12: after that line insert:

4 "SECTION 1534m. 84.013 (10) of the statutes is created to read:

5 84.013 (10) The department may not require the city of Wautoma to contribute
6 to any design engineering costs associated with design work for a proposed highway
7 construction project involving STH 22 running through the city of Wautoma and for
8 which design engineering was initiated in 2010-11."
