Subject: RE: SSAB 2 Amendments

After talking to Rep. Barca he would like it to be broader than just the bill to specify in statute that any funds that DWD provides to any college or university would need to be an accredited college or university.

Matt: For the last amendment below, you say: "The fourth is to require that any college or university that is the recipient of this funding would be required to be accredited."

I'm not sure what you mean by "this funding." Is it the \$30 million of the \$35.4 million? If so, that funding goes to tech colleges, and I'm not sure why you want to say that the tech colleges have to be accredited. Can you clarify what you want?

Thanks,

Here are some amendment requests for today.

Subject: SSAB 2 Amendments

We would like to request four amendments to SSAB 2.

The first two are the same idea, just drafted both as a simple amendment and a sub amendment. That would be to require that \$30 mil of the \$35.4 mil go Wisconsin Technical College System for the reduction of waitlists for enrollment in programs and courses in high-demand fields, as determined by WTCS. Split it up into \$27.5 mil in FY1 and the rest is the \$2.5 mil in FY2.

The third is to require that if DWD provides grant funding to a private company for the purpose of providing direct, in-house training; workers who complete the training must be employed in a full time job and earn at least \$20,000 in the coming year in a tier I county or municipality, and at least \$30,000 in a tier II county or municipality. (The tier I and II language comes from Commerce statutes governing the Jobs Tax Credit to define a family-supporting job). Identical language was used in AA6 to AB 14 this session that can be revived.

The fourth is to require that any college or university that is the recipient of this funding would be required to be accredited.
