Assumptions Used in Arriving at Fiscal Estimate

This bill creates a new felony for those persons who capture a representation of a nude child or reproduce, possess, distribute or exhibit certain representations of a nude child.

It is impossible to predict how many such crimes will be filed in the circuit courts, although it is estimated that the number will be low. Additional proceedings require additional judge, court reporter, court staff and juror time. These costs are borne by both the state and the county. An accurate estimate of the additional costs is impossible with the data available, but it is expected that existing court staff would be able to absorb the costs.
