<b>Description</b> Length of vehicles that may be operated on the highway without an overlength permit					

### Assumptions Used in Arriving at Fiscal Estimate

This bill restores the exemption allowing 15-mile access for semitrailers not to exceed 53' on highways designated by the Department as a long truck route that was eliminated by 2011 Wisconsin Act 243. The exemption allows operation on a highway providing access to a long truck route or to reach food, fuel, maintenance, repair, rest, staging, terminal or vehicle assembly facilities or points of loading or unloading.

The Department expects that the legislation will impose no new costs or administrative burdens, nor will it produce new state revenues.
