## **Assumptions Used in Arriving at Fiscal Estimate**

This bill would prohibit the possession, by a person who is imprisoned or in the custody of the Department of Corrections, or a patient at a mental health facility, of a correctional employee's or health services employee's personal identifying information.

Prosecutors do not expect there to be much, if any, fiscal effect on their offices should this bill be enacted.

## **Long-Range Fiscal Implications**

District Attorneys don't believe there will be a long-term fiscal impact on their offices, should this bill be enacted.
