Assumptions Used in Arriving at Fiscal Estimate

2013 Senate Bill 205 would, among other items, add the Wisconsin Economic Development Corporation (WEDC) to the definition of agency for the purpose of procurement so that WEDC is subject to the same laws regulating agency purchasing. The definition of "Agency" in s.16.97(1m) would be amended to read:

"Agency" means an office, department, agency, institution of higher education, association, society, or other body in state government created or authorized to be created by the constitution or any law, which is entitled to expend moneys appropriated by law, including the legislature and the courts, but not including an authority.

The fiscal effect on the Department of Administration with the change in definition of agency to include WEDC for the purpose of procurement is indeterminate as data is not available as to what, if any, workload increase would be realized for the State Bureau of Procurement.

Long-Range Fiscal Implications
