Assumptions Used in Arriving at Fiscal Estimate

In addition to the various landlord-tenant law provisions contained in this bill, there are also a few provisions included in the bill related to the removal of unauthorized vehicles parked on private property by towing services, as created by 2013 Wisconsin Act 76.

Under this bill, a towing service that makes a good faith effort to comply with the existing law enforcement notification requirement may collect charges for the removal and storage of the vehicle. Towing services are currently prohibited from collecting any removal or storage charges, if the towing service has not complied with the existing law enforcement notification requirement under current law. Also under this bill, the existing requirement under current law that the Department of Transportation (DOT) promulgate rules establishing reasonable charges for removal of vehicles from private property and guidelines for notifying law enforcement is modified – specifying that the rule required to be promulgated by DOT applies only when no citation was issued for illegal parking, rather than regardless of whether a citation is issued.

Due to various unknown factors, the exact impact of this bill on local units of government cannot be determined at this time.

Long-Range Fiscal Implications

Indeterminate.
