Description Special distinguishing registration plates issued by the Department of Transportation and making appropriations					

Assumptions Used in Arriving at Fiscal Estimate

This bill makes various modifications to the process and requirements for the Department of Transportation (DOT) to designate authorized special groups and issue special motor vehicle registration plates to group members.

Under the bill, special group applications are required to include a payment to DOT in the amount of \$15,500 for the Department's initial costs of production of the special plates. Also under the bill, DOT must post notice on the Department's website of a group's application, in which the notice must identify the group applying for designation as an authorized special group and describe the process by which a person may object to this designation.

One-time costs necessary for DMV to implement this bill are anticipated to be minimal and could be absorbed within DMV's budget.

Long-Range Fiscal Implications

On-going costs associated with this bill are anticipated to be minimal.
