<b>Description</b> Wages to be paid to substitute teachers		

**Assumptions Used in Arriving at Fiscal Estimate**

This bill requires a school board to pay to a substitute teacher who has taught in the same classroom for a period of 30 consecutive school days the same daily wage that would be paid to a regular classroom teacher in the same or an equivalent classroom.

Local: Indeterminate

It is anticipated that schools boards would incur additional costs in order to pay substitute teachers the same daily wage that paid to a regular classroom teachers. This bill does not provide additional funding to cover those increased costs to school boards.

Estimating costs is difficult since wage costs could vary across school districts due to factors such as teacher demand in certain subject areas and school location. It is also unknown how many schools would employ substitute teachers for a period of 30 consecutive schools days in a given year. For these reasons, costs are indeterminate.

State: None
