Description Exemption from work search requirements for certain individuals claiming unemployment insurance benefits					

Assumptions Used in Arriving at Fiscal Estimate

Under current law if an Unemployment Insurance Claimant can reasonably expect to regain employment with their previous employer, they can claim exemption from the work search requirement. Current law limits the number of weeks the exemption can be claimed to 8 weeks with a possibility of a 4 week extension with former employer verification of a recall to employment. SB 764 extends the number of weeks of the extension from 4 weeks to 26 weeks.

The one-time IT changes needed to implement the law will take 100 hours for a total \$8,500 and \$2,550 in administrative costs.

The law change is also estimated to increase Unemployment Insurance benefit outlays and cost the Unemployment Insurance Trust Fund \$324,125 annually.
