Description							
career and technical education incentive grants and making an appropriation							

Assumptions Used in Arriving at Fiscal Estimate

The bill moves the Career and Technical Education (CTE) Incentive Grant Program out of the 20.445(1)(b) Workforce training: programs, grants, and services and 20.455(1)(bm) Workforce training; administration. It creates a new sum sufficient appropriation for the CTE program, 20.445(1)(c) Career and technical education incentive grants. The bill makes changes to the reimbursement criteria for pupils and would allow reimbursement of up to \$1,000 for each completed industry recognized certification program completed in a school district by a pupil.

Due to the provisions of the bill, DWD can no longer pay for the administration of the CTE Incentive Grant Program out of appropriation 20.445(1)(bm)Workforce training, administration. As a result, DWD will need to reallocate staff costs totaling \$55,000.

Long-Range Fiscal Implications

DWD anticipates the removal of the spending cap will result in an increase of \$934,000 per year for an annual total of \$3,934,000 in CTE Incentive Grant payments to school districts.
