

**Fiscal Estimate Narratives**

**DVA 7/26/2017**

LRB Number <b>17-0887/1</b>	Introduction Number <b>AB-0394</b>	Estimate Type <b>Original</b>
<b>Description</b> special registration plates that are military in nature		

**Assumptions Used in Arriving at Fiscal Estimate**

This bill would eliminate the \$15 fee for a veteran who purchases a military specialty license plate. This would result in a loss of revenue for the department's Veterans Trust Fund (VTF), except the bill directs DOA to annually transfer, from the general fund, to the VTF an amount equal to the number of vehicles reported to it by DOT that have been issued military specialty plates. This transfer would insure that there would be no loss of revenue to the VTF.

**Long-Range Fiscal Implications**
