

## Fiscal Estimate Narratives

DOT 10/24/2017

LRB Number	<b>17-2628/2</b>	Introduction Number	<b>AB-0480</b>	Estimate Type	<b>Original</b>
<b>Description</b> review by the Department of Safety and Professional Services of the state electrical wiring code applicable to one-family and two-family dwellings; the legal description required for recording an easement for the construction, operation, or maintenance of sewer lines or facilities; expanding the use of tax incremental financing for workforce housing development and allowing a reduction in the amount of certain impact fees; effect of changes in requirements for development-related permits or authorizations on persons who apply for the permits or authorizations; exempting certain vehicles delivering propane from class B highway weight limitations and certain special or seasonal weight limitations; elimination of the forestation state property tax; reviews of and reports on bills and proposed administrative rules that affect housing; general permits to place riprap on the bed of a navigable water; and making an appropriation					

### Assumptions Used in Arriving at Fiscal Estimate

From a permitting perspective, there would be no fiscal impact because propane would not require a permit. Structural engineers do not appear to be impacted beyond letting WisDOT staff know about the new exemption. There is no workload impact or information technology impact.

State Patrol staff would need to be informed of the new exemption as well, but no fiscal impact is projected.

### Long-Range Fiscal Implications
