## Fiscal Estimate Narratives

DCF 2/7/2017

LRB Number	17-1676/1	Introduction Number	AB-0057	Estimate Type	Original
<b>Description</b> requiring child support compliance for FoodShare benefits					

### Assumptions Used in Arriving at Fiscal Estimate

Under this bill, noncustodial parents, custodial parents, and individuals who are not custodial parents but who live with a child and exercise parental control over a child who is under the age of 18 and who has an absent parent, who refuse, without good cause, to cooperate with determining paternity of a child or establishing or enforcing a child support order would be determined ineligible for FoodShare benefits. Custodial parents are required to cooperate fully, in good faith, with efforts directed at establishing or enforcing any support order. Noncustodial parents are exempt from the requirement if any of the following exist: 1) the child support delinquency balance equals less than three months of the court-ordered support payment amount; 2) a court or child support agency is allowing the individual to delay the child support payments; or 3) the individual is complying with a payment plan approved by a child support agency.

An interface with the child support data system would be needed. Information technology workers within the child support system estimate that a minimum of 5,000 hours at a cost of \$412,500 would be needed to build and test the interface.
