Assumptions Used in Arriving at Fiscal Estimate

The bill provides that the Transportation Fund retain \$23,700 to cover the initial costs of production. However, the bill does not provide WisDOT with the authority to spend the money on expenses incurred developing the plate. Assuming the plate design follows WisDOT's standard special group plate design, the estimated production cost to DMV is \$9,000. Cost includes approximately \$8,300 for data processing system modifications and \$700 for graphic design.

WisDOT mails registration renewal notices 90 days prior to expiration. WisDOT assumes that payment of the state park admission fee indicated in the renewal notice is sufficient to renew the plate, even if the state park admission fee is charged prior to registration.

WisDOT will incur modest computer programming costs with each admission fee charge, but assumes this can be done in conjunction with other routine reprogramming.

Long-Range Fiscal Implications

None.
