Description establishing a nanotechnology information hub and a nanotechnology council					

Assumptions Used in Arriving at Fiscal Estimate

This bill creates a nanotechnology council to set policies and priorities for the hub and to make grants for research and development related to nanotechnology. The Department of Military Affairs, Division of Emergency Management (WEM) Administrator is identified as a council member in the bill. The bill requires the nanotechnology council to meet twice each year and develop and implement plans for the nanotechnology information hub to sustain its own funding.

The provisions in this bill have little fiscal effect on the Department of Military Affairs. The costs for the WEM Administrator or designee to attend two meetings per year is absorbable within existing fiscal resources.
