Assumptions Used in Arriving at Fiscal Estimate

This bill requires the Group Insurance Board to design a separate health insurance plan for certain state elected officials and certain governor appointees. The bill specifies that the benefits and coverage offered under the plan may not exceed the minimum benefits or least amount of coverage of a plan that would be allowable under the federal American Health Care Act of 2017.

The federal American Health Care Act of 2017 is a proposal that is being considered by the United States Congress. As with any legislative proposal, the provisions of this bill are subject to changes, therefore the Department is unable to estimate the fiscal effect.
