Description referrals for subjects of alerts for missing adults and operator's license review					

Assumptions Used in Arriving at Fiscal Estimate

The policies and procedures for reviewing driving privileges and imposing restrictions are already in place, this bill is only adding a trigger event of the Silver Alert to initiate the review. In 2016 there were 72 silver alerts put out by the state of Wisconsin. Assuming half of the individuals would have been reported to DMV under the current system, this bill would result in approximately 36 new driving privilege checks per year.

This bill is expected to increase existing work by less than 0.02 FTE, leaving the current process effectively unchanged. There are no IT changes needed to implement this bill.
