2017 ASSEMBLY BILL 151

2017 Assembly Bill 151 creates an approval process for community paramedics, community emergency medical technicians, and community emergency medical services providers in the state. The bill also specifies that an emergency medical technician acting upon a delegation by a health care provider does not violate the actions authorized by DHS for emergency services when performing actions in accordance with the delegation.

ASSEMBLY AMENDMENT 1

Assembly Amendment 1 harmonizes the terminology used in the bill with that in 2017 Assembly Bill 59, including the use of the umbrella term “emergency medical services provider” to refer to various emergency service providers.

BILL HISTORY

On March 27, 2017, Assembly Amendment 1 was offered by Representative Loudenberg. On March 29, 2017, the Assembly Committee on Health recommended adoption of the amendment and passage of the bill, as amended, on a vote of Ayes, 12; Noes, 0.
