April 13, 2017 - Introduced by Representatives TUSLER, THIESFELDT, GANNON, KATSMAN, KITCHENS, KREMER, KULP, QUINN, WEATHERSTON, WICHGERS and ZIMMERMAN. Referred to Committee on Education.

1 **AN ACT relating to:** submitting a state plan under the Every Student Succeeds  
2 Act.

### *Analysis by the Legislative Reference Bureau*

This bill prohibits the Department of Public Instruction from submitting the state plan required under the Every Student Succeeds Act to the federal Department of Education without first responding to any objections submitted to DPI by the Assembly Committee on Education and the Senate Committee on Education. The Every Student Succeeds Act requires the state to submit a state plan to the federal Department of Education as a condition of receiving certain federal funding.

Under the bill, for a proposed state plan submitted to the Assembly Committee on Education and to the Senate Committee on Education by May 15, 2017, a member of either education committee may submit any objections he or she has to the proposed state plan to the chairperson of his or her committee. If a chairperson receives an objection from a member of the education committee, the chairperson must call a committee meeting for the purpose of approving or disapproving all objections received from members of the committee. Following the committee hearing, the chairperson must submit all objections approved by the committee to DPI. If DPI receives objections to the proposed state plan from an education committee, DPI must provide a written response to each objection raised by the committee within 14 days. DPI's response to the education committee must indicate whether DPI will modify the proposed state plan based on each of the committee's

objections and, if so, a description of the modification and, if not, an explanation for why DPI will not modify the proposed state plan based on the objection.
