1 **AN ACT** *to amend* 95.21 (4) (d) 2. of the statutes; **relating to:** requirements for
2 law enforcement dogs that have bitten a person.

Analysis by the Legislative Reference Bureau

This bill makes changes to the requirements for law enforcement dogs that have bitten a person.

Under current law, a dog that has bitten a person must be quarantined. Current law exempts law enforcement dogs that bite a person while performing law enforcement duties and that are immunized against rabies, but requires the dog to be confined when not performing law enforcement functions until it can be examined by a veterinarian on three separate occasions.

This bill eliminates the requirements that a law enforcement dog that has bitten a person be examined by a veterinarian and that the dog be confined. The bill requires the law enforcement agency to make the dog available for examination at any reasonable time and, if the dog exhibits abnormal behavior, to notify the local health department.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
