***Analysis by the Legislative Reference Bureau***

This bill provides that any person who intentionally makes a material misstatement or omission or who submits falsified documentation in an application for a credential or for the renewal of a credential issued by the Department of Safety and Professional Services or an attached credentialing board is guilty of a Class A misdemeanor, for which the penalty is a fine not to exceed \$10,000 or imprisonment not to exceed nine months, or both. The bill specifies that in an action for a violation of the crime created in the bill, the defendant shall be tried in the county where the Office of the Secretary of Safety and Professional Services is located, and the bill requires DSPS to ensure that all application forms for such credentials include a statement regarding the prohibition and penalty created in the bill.

For further information see the **state** fiscal estimate, which will be printed as an appendix to this bill.
