FOR 2019-2021 BUDGET -- NOT READY FOR INTRODUCTION

AN ACT ...; relating to: the budget.

Analysis by the Legislative Reference Bureau

TRANSPORTATION

GENERAL TRANSPORTATION

1. Next Generation 911 and WISCOM

Under current law, DMA is required to contract for the creation, operation, and maintenance of an emergency services network capable of meeting certain standards known collectively as Next Generation 911. DMA is also required to develop and operate a statewide public safety interoperable communication system, commonly referred to as WISCOM. To assist DMA in developing the ability of public safety agencies to communicate with each other, there is an interoperability council with a 911 subcommittee attached to DMA. This bill transfers the requirements relating to Next Generation 911 and WISCOM from DMA to DOT and attaches the interoperability council and 911 subcommittee to DOT. The bill also requires DOT to issue a request for proposals for a statewide public safety interoperable communications system to be deployed on existing tower sites and authorizes DOT to spend up to \$500,000 for professional consulting services related to the request for proposals.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
