Subject: Interior Design Corrections

Hi Konrad,

Can I have the changes below made to LRB 2512 and have it redrafted with a new LRB number.

Page 5 should have had these corrections:

440.9696 Submission of documents. (1) Subject to s. 440.9693 (3), a Wisconsin registered interior designer may sign and seal interior technical submissions that are required to obtain a building permit for an interior alteration or construction project.

Adjust this sentence to say: a Wisconsin registered interior designer may sign and seal interior technical submissions that are required for an interior alteration or construction project for public record."

2) A Wisconsin registered interior designer may assemble, compile, and submit documents that are required to obtain a building permit for an interior alteration or construction project and that are prepared, signed, or sealed by another Wisconsin registered interior designer, registered architect under ch. 443, or registered professional engineer under ch. 443.

Remove this whole section.

(3) If a city, village, town, or county requires a seal or stamp on documents that are submitted for a building permit for a project, the city, village, town, or county shall, for an interior alteration or construction project, accept documents impressed with the seal or stamp of a Wisconsin registered interior designer consistent with this subchapter.

Switch (3) to (2) and adjust section to say: If a city, village, town, or county requires a seal or stamp on interior technical submissions that are submitted for an interior alteration or construction project, the city, village, town, or county shall accept those submissions impressed with the seal or stamp of a Wisconsin registered interior designer consistent with this subchapter.

Thanks,

JJ Sherman

5 registration and the scope of practice of interior designers and granting
6 rule-making authority.

Analysis by the Legislative Reference Bureau

This bill makes the following changes to the registration and practice of interior designers:

1. Requires a person to pass an interior design examination administered by an organization approved by the Department of Safety and Professional Services in order to be granted an initial certificate of registration as an interior designer by DSPS. Under current law, a person must pass an interior design examination administered by a national organization that establishes standards for the interior design profession and that is recognized by DSPS or an examination conducted or approved by DSPS that is substantially similar.

2. Eliminates several requirements for obtaining an initial registration as an interior designer, including the requirement under current law to complete an interior design education program of a certain length of time and have certain amounts of practical experience in interior design.

BILL

3. Makes various changes to the scope of interior design.

4. Requires DSPTS to promulgate rules establishing specifications for interior design seals and stamps and requires a registered interior designer to impress the seal or stamp on certain documents prepared by the interior designer.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
