Subject: Amendment to LRB 0895 and companion

Hi, Konrad,

Would you please draft an amendment to LRB 0895 and its Senate companion that clarifies the scope of the bills by changing all references to “dialysate, drugs, or devices” in the analysis and body to, instead, “dialysate drugs or devices”? We will introduce LRB 0895 and its companion as jacketed, and then introduce this as a technical amendment. Please let me know if you have any questions or concerns, or you may contact Peter Kammer directly if that’s more efficient.

Thanks!
