~~SENATE SUBSTITUTE AMENDMENT,~~  
~~TO SENATE BILL 165~~

ASA to

S 0027/1

TOO A

1 AN ACT *to renumber and amend* 36.31 (2m) (b); *to amend* 36.11 (3) (cm) 5. and  
2 36.65 (3); and *to create* 36.31 (2m) (a) 2m., 36.31 (2m) (b) 2., 36.31 (2m) (b) 3.,  
3 36.31 (2m) (b) 4. and 36.31 (2m) (bm) of the statutes; **relating to:**  
4 transferability of courses between the University of Wisconsin System,  
5 technical college system, and tribally controlled and private colleges.

***Analysis by the Legislative Reference Bureau***

This bill makes changes to requirements under current law regarding the transferability of credits between certain institutions of higher education. Under current law, the Board of Regents of the University of Wisconsin System and the Technical College System Board are required to enter into an agreement for ensuring that, beginning in the 2014-15 academic year, no fewer than 30 credits in core general education courses identified in the agreement are transferable between UW institutions and technical colleges. Current law also allows tribally controlled and private nonprofit colleges in this state to participate in the agreement.

This bill eliminates the above agreement and requires instead that the Board of Regents and TCS Board enter into an agreement that establishes policies for ensuring that, beginning in the 2020-21 academic year, credits for courses that satisfy credential requirements in different subject areas are transferable, which

may include core general education courses. The bill defines a “credential” as a pathway certificate, one-year or two-year technical diploma, or associate or bachelor degree. The agreement must specify the total number of course credits that are transferable, which may not be fewer than 75 credits in the 2020–21 academic year. The agreement must provide that the number of transferable credits annually increases by nine in each subsequent academic year. Also, the agreement must establish policies for faculty to periodically identify the courses with transferable credits. In addition, the agreement must include procedures for revising the agreement every year. As under current law, the bill allows tribally controlled and private nonprofit colleges in this state to participate in the agreement.

The bill also includes a requirement for passive review by the Joint Committee on Finance. No later than June 30, 2020, the Board of Regents and TCS Board must submit to JCF the agreement and the list of courses with transferable credits that are initially identified by faculty. If JCF does not schedule a meeting by a specified deadline to review the agreement and list, the bill allows the agreement and list to be implemented. However, if JCF schedules such a meeting, neither the agreement nor the list may be implemented unless approved or modified by JCF.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
