Hi Zachary,

No rush. I tried to call you, but had another call come in. When you have a moment later would you be able to give me a call? I think I have sorted this out. I wanted to check with you on the best way to proceed.

I called Lance up to see what he recalled in terms of where this was left. I will send you an email that I think will provide helpful background information.

As I understand it Lance said that everyone agreed that the driver's license would be immediate upon the signing of the bill (everything else could wait for six months). And to also accept the other change in Diana's email.

Would it be possible to get a new amendment drafted that includes the changes from the amendment this morning along with these additional changes?

Those changes were discussed but never officially requested by your office.

Good Morning Zachary,

I just wanted to check with you regarding Diana's other questions. Do you know where things were left off with those items? Are those changes Lance had already made? Or decided not to make?

Yes, this is helpful.

Still going to change the effective date to 6-months and make the Class D operation effective immediately?

Good Morning Steve, Forbes and Diana,

Steve, attached is the amendment that we discussed last night.

Forbes, I am now working for Sen. Jacque. One of the bills that I am working on is the autocycle bill. Steve helped me sort out last night where things had been left with the bill. This amendment addresses one of the concerns raised by DOT that Lance had been working with them on.

My understanding is with this amendment everything is set and we are good to go. If otherwise, please let me know.

Thanks.
