2 **to:** information on the school district and school accountability report.

Analysis by the Legislative Reference Bureau

This bill requires the Department of Public Instruction to include in the annual school district and school accountability report, commonly referred to as school and school district report cards, the percentage of pupils participating in music, dance, drama, and visual arts. Under the bill, DPI must include this information for each high school and school district and must also include the statewide percentage of pupils participating in each subject. The bill specifies that this information may not be used to evaluate a school's performance or school district's improvement.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

3 **SECTION 1.** 115.385 (1) (d) 6. of the statutes is created to read: *Beginning with the accountability report published for the 2020-21 school year,*
