Analysis by the Legislative Reference Bureau

Under this bill, physician assistants who perform official duties for the armed services or federal health services are not required to obtain a physician assistant license. Current law generally requires a person to obtain a license granted by the Medical Examining Board to practice as a physician assistant.

The bill also allows a person to practice as a registered nurse or nurse anesthetist while performing official duties for the armed services or federal health services without obtaining a credential from the Board of Nursing. Under current law, a person is generally required to obtain a credential from the Board of Nursing to practice professional nursing or to practice as a nurse anesthetist.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
