### Assumptions Used in Arriving at Fiscal Estimate

The bill creates a transgender equality task force. The task force is required to study the legal and societal barriers to equality for transgender, intersex, nonbinary, and gender nonconforming individuals in Wisconsin and provide recommendations to the governor and the legislature on how to ensure the equality and improve the lives of those individuals. The recommendations must address the following areas:

1. Health care.
2. Long-term care.
3. Education in primary and secondary schools.
4. Higher education.
5. Housing, including the prevention and reduction of homelessness among transgender, intersex, nonbinary, and gender nonconforming youth and adults.
6. Employment.
7. Criminal justice, policing, and prisons.
8. Any other issue the taskforce considers relevant.

The task force consists of twenty-five members, including two members appointed by the president of the UWS, one of whom is a representative of the UWS whose duties or expertise includes protecting the rights of transgender, intersex, nonbinary, and gender nonconforming students in the UWS or eliminating discrimination in higher educational programs, policies, or initiatives and one of whom is a representative of the Trans Research Lab at the UW-Madison.
