<b>Description</b> the distribution of the Wisconsin Blue Book and highway maps		

**Assumptions Used in Arriving at Fiscal Estimate**

The number of 2019-20 Blue Books printed was 64,500. The printing price was \$290,000, or approximately \$4.50 per book. Although postage and handling costs have not yet been finalized, shipping and handling costs for the 2017-18 Blue Book were \$40,700.

This bill caps the number of Blue Books at 54,450. The number could be lower if legislative offices do not order their maximum amount.

If the price per Blue Book remains stable, reducing the number of Blue Books by 10,050 would result in a biennial savings of about \$45,225 in printing costs. If legislative offices do not order their maximum amount, savings would increase. The reduction in printing under this bill would also likely reduce shipping and handling costs by at least 15 percent per biennium (\$6,105).

We do not anticipate that this bill would reduce staff costs as the number of people and hours required to assemble the Blue Book would not change under this bill.

**Long-Range Fiscal Implications**
