Fiscal Estimate Narratives

DOA 4/25/2019

LRB Number	19-2178/1	Introduction Number	SB-122	Estimate Type	Original
Description grants to homeless shelters, modifying administrative rules promulgated by the Department of Administration, and making an appropriation					

Assumptions Used in Arriving at Fiscal Estimate

The bill provides a regulatory amendment and increase of \$500,000 annually to the State Shelter Subsidy Grant Program under s. 16.308, Wis. Stats., as a supplement to the operating budgets of agencies and shelter facilities. The supplement would increase the dollar amount under the Department of Administration's (DOA) s. 20.505(7) (fm) Shelter for homeless and housing grants appropriation. The bill also modifies Adm 86.05(2) to increase the maximum amount of the grant from 25% to 50% of: 1) the applicant's current or proposed operating budget of one or more shelters; or 2) the portion of the applicant's current or proposed operating budget for providing homeless persons with vouchers that may be exchanged for temporary shelter.

The bill establishes new eligibility requirements for applicants that will be phased in until Fiscal Year 2024, by which time 100% of grants awarded shall be awarded after the department considers all of the new eligibility criteria.

DOA's Division of Energy, Housing and Community Resources (DEHCR) administers the Shelter Subsidy Grant Program funds. The State Shelter Subsidy Grant Program-related administrative operations are expended out of s. 20.505(7)(a), Wis. Stats., housing community and development general program operations.

The Department estimates one-time costs of \$5,200 for 400 hours of staff time related to implementing the requirements of the bill including the cost to update all internet and printed materials, monitoring forms and contract documents, and meeting with stakeholder groups. The Department anticipates it will be able to absorb one-time costs within current staffing levels and expenditure authority.

The Department anticipates ongoing personnel and supplies and services costs related to the expanded scope of work, which includes the development of contractual outreach and publicity materials; increased monitoring; an increased number of grants awarded; new and expanded reporting requirements; and technical assistance and training development for grantees to ensure compliance. The required phase-in of eligibility criteria will increase the amount of staff time required to be spent on technical assistance. Several housing initiatives are currently being considered by the legislature and the final requirements for staff resources to meet the needs of the various programs is indeterminate.

An increase in financial support will also be required from the Department's Division of Enterprise Operations (DEO) for assisting in meeting reporting requirements, managing expenditures, performing draws, monitoring audits, and for the handling of any lock-box information. The Department anticipates it will be able to absorb the workload with current staffing levels and expenditure authority.

An increase in financial support will also be required from the Department's Division of Enterprise Operations (DEO) for assisting in meeting reporting requirements, managing expenditures, performing draws, monitoring audits, and for the handling of any lock-box information. The Department anticipates it will be able to absorb the workload with current staffing levels and expenditure authority.
