Assumptions Used in Arriving at Fiscal Estimate

SB - 244 requires modifications and additions to the driver education training courses being offered by Wisconsin Technical College System (WTCS) Districts. The proposal would require the WTCS Districts to incorporate at least 30 minutes of instruction to acquaint students with the hazards posed by highway work zones in it's current curriculum.

There would be no fiscal impact because the proposed modifications and additions have already been incorporated in the current curriculum which is being offered by WTCS Districts.

Long-Range Fiscal Implications
