Description telephone company tax exemption for property used to provide broadband service		

Assumptions Used in Arriving at Fiscal Estimate

SB 321 exempts property used to provide broadband service to a rural or underserved area of the state from the telephone company tax that is paid by telephone companies in lieu of the general property tax. The bill outlines broadband service speed criteria that must be met in order to qualify for the exemption.

SB 321 has no fiscal impact on the Public Service Commission.
